(c) That all other costs related to the road closure be the responsibility of Hockey Night in Canada's Play On! 4 on 4.

FOR THE INFORMATION OF COUNCIL:

A. CEREMONIAL ACTIVITIES

(i) Presentation of Award of Merit for Outstanding Service to Urban Forestry from the Society of Municipal Arborists to Tami Sadonoja, Urban Forestry Technician, Operations and Waste Management, Environmental Services Division

Chair Merulla called upon Tami Sadonoja, Urban Forestry Technician, Operations and Waste Management, Environmental Services Division, to the podium to present her with the Award of Merit for Outstanding Services to Urban Forestry. This award is given by the Society of Municipal Arborists and recognizes outstanding meritorious services in advancing the principles, ideals and practices of arboriculture and is awarded to a member who has contributed materially to the promotion of the Society. Beth Goodger, Senior Director, Operations and Waste Management, and Mike McNamara, Manager of Forestry and Horticulture, were also at the podium for the award presentation.

(ii) Cheque Presentation from the Optimist Club respecting Courtcliffe Park

Chair Merulla called upon the following representatives from the Carlisle Optimist Club: Brian Harrison, President; Chris Ilias, Past President, and Logan Naftel, Margaret McCarthy, Ward 15 Councillor, Robert Norman, Manager of Open Space Development and Park Planning, and Jill Stephen, Acting Director, Strategic Planning and Rapid Transit, to approach the podium. The Optimist Club representatives presented a
cheque in the amount of $22,750 to the City of Hamilton as their contribution to the cost of installing a children’s play structure at Courtcliffe Park on Carlisle Road in Flamborough, which was raised through various fundraising efforts.

(a) **CHANGES TO THE AGENDA (Item 1)**

The Clerk advised of the following changes:

10.1 Request from Hockey Night in Canada’s Play On! 4 on 4 for Temporary Road Closure – Saturday May 15, 2010 to Sunday May 16, 2010 – Street Hockey Tournament

On a motion, the agenda was approved, as amended.

(b) **DECLARATIONS OF INTEREST (Item 2)**

None

(c) **APPROVAL OF MINUTES (Item 3.1)**

On a motion, the Minutes of the January 18, 2010 meeting of the Public Works Committee were approved, as presented.

(d) **DELEGATION REQUESTS (Item 4)**

(i) Request to appear from John Dolbec, on behalf of the Hamilton Chamber of Commerce, respecting Report PW10002 – Transit Governance

On a motion, the rules of order were waived to allow the Hamilton Chamber of Commerce representative the opportunity to address the Committee at today’s meeting.
(ii) Request to appear from Richard Breznik respecting staff’s recommendations for the North-South Route of the Waterdown Aldershot Master Transportation Plan

On a motion, the rules of order were waived to allow Richard Breznik the opportunity to address the Committee at today’s meeting.

(e) CONSENT AGENDA

(i) Minutes of Various Sub-Committees (Item 5.1)

On a motion, the following Sub-Committee Minutes were received:

5.1.1 City Hall Renovations Steering Committee

(a) October 5, 2009
(b) November 2, 2009

5.1.2 Clean City Liaison Committee

(a) November 19, 2009
(b) December 17, 2009

5.1.3. Hamilton Cycling Committee – December 2, 2009

(ii) Minutes of the Lake Erie Region Source Protection Committee – December 3, 2009 (Item 5.2)

On a motion, the December 3, 2009 Minutes of the Lake Erie Region Source Protection Committee were received.

(iii) Intersection Control List (Ward 15) (Item 5.3)

On a motion, the implementation of an all-way stop control at the intersection of Main Street and Union Street was approved and that the appropriate amending by-law be passed.

(f) PUBLIC HEARINGS/DELEGATIONS (Item 6)

(i) Majic (Mike) Mladen respecting Snow Cleaning (Item 6.1)

Mr. Mladen appeared before the Committee to express concerns with regard to why the taxpayers of the City of Hamilton are not getting the same level of service with respect to snow clearing on sidewalks which is public property which in turn, residents are paying for within their taxes.
He requested that the City adopt the same policies as other cities with respect to snow clearing.

On a motion, the presentation by Majic (Mike) Mladen respecting snow clearing was received.

(ii) Ray Paquette respecting Loss of Parking in favour of Bike Lanes on Dundurn Street South (Item 6.2)

Mr. Paquette spoke on behalf of the Dundurn Street merchants and residents respecting the loss of parking in favour of bike lanes on Dundurn Street South. His comments included, but were not limited to, the following:

- Loss of parking spaces will have grave and serious impact on the whole community
- Have not had due process as merchants and residents; proper circulation has never been done
- Would like to bring forth a recommendation to have decision reviewed.

Mr. Paquette distributed a colour photo of Dundurn Street South, labeled with the various businesses/offices and public school which line both sides of the street. A copy has been retained in the Office of the City Clerk for the public record.

James Clarkson, business resident of a State Farm Insurance office at the corner of Herkimer and Dundurn Streets, requested a format which would be appropriate for all of the community to be brought to the table. His comments included, but were not limited to, the following:

- Feel that business owners and residents have been neglected on this issue
- As a new business owner, he would not have chosen this location had he known that there would be a restriction on parking
- Barely making ends meet to pay bills
- Pointed out that in a 2005 residents’ survey, 65 respondents expressed concerns about bike lanes; however, 120 respondents indicated that parking availability was important
- Hopefully, there is a compromise.

Peggy Knill, resident in the neighbourhood for 30 years, stated that most of her needs can be met on Dundurn Street; however, parking on Dundurn Street is required. With having mobility issues, there are no accessible parking spaces on Dundurn; need to keep parking on both sides of the street.
The final speaker was an owner of a hair salon business on Dundurn Street who has clients from out of town (Toronto, Mississauga). She stated that if there is no parking in front of her salon or in the area, her clients will not come and she may have to close her salon because of lost business.

Staff advised that with respect to the status of the bike lanes on Dundurn Street, the project is in the design stages; not gone to tender yet; approved as part of the overall capital budget.

The delegation indicated that there had been no consultation with the merchants or neighbours other than a memo that they received. Since that time, meetings have been held to provide information with respect to what will be occurring; however, there was no forum to find out if other options could be considered. They have worked with Councillor McHattie to find other solutions; however, keeping the existing parking and adding additional parking spaces would be ideal.

Councillor Bratina concluded that the missing piece is the neighbourhood/public meetings to determine the impacts of the stretches of bicycle lanes in the neighbourhood and how did the public engage in the design or routing of the cycling plan. He stated the importance that every neighbourhood has an opportunity to meet with staff prior to a final decision being made and requested that detailed neighbourhood public information sessions be arranged with staff prior to any decisions being made.

Staff indicated that they will follow up on this request.

Councillor McHattie spoke to this issue, outlining various measures which have been taken to maximize parking locations throughout the neighbourhood.

On a motion, the presentation by Ray Paquette, on behalf of Dundurn Street Merchants and Residents, respecting loss of parking in favour of bike lanes on Dundurn Street South and impact on surrounding area streets was received. CARRIED

(iii) Hamilton Chamber of Commerce respecting Transit Governance (Added Item 6.3)

Dan Rodrigues, Chair of the Transportation Committee, spoke on behalf of the Hamilton Chamber of Commerce and conveyed regrets on behalf of John Dolbec and Ruth Liebersbach that they were unable to attend the meeting.
Mr. Rodrigues’ presentation addressed the issues contained in Report PW10002 – Chamber of Commerce Correspondence respecting Transit Governance, which provides a brief overview of the history of the governance structures of transit systems in Canada.

Mr. Rodrigues stated that recognizing the examples provided in Report PW10002, the Chamber encourages further investigation into the feasibility of operating under an independent Transit Commission.

In conclusion, the Chamber would be supportive of the formation of an “ad-hoc” committee comprised of City staff, Chamber representation, as well as key business representation to provide additional commentary and possible recommendations for Council to support.

A copy of the Chamber’s comments was distributed to the Committee and has been retained in the Office of the City Clerk for the public record.

(iv) Richard Breznik, respecting Staff Recommendations for the North-South Route of the Waterdown Aldershot Master Transportation Plan (Added Item 6.4)

Mr. Breznik appeared before the Committee with respect to the North-South Road recommendations on the Waterdown Aldershot Master Transportation Plan. His comments included, but were not limited to, the following:

- Requesting that Committee advise staff to issue their draft Environmental Study Reports (ESR) on both the East-West and North-South studies immediately for the public to review and bring their concerns forward
- Delay the decision to pass the current recommendations and have staff present their recommendations on both the north-south and east-west roads at the same time, after the public has had time to review the studies
- Have no idea if comments have been addressed until ESR’s have been reviewed; therefore, how can any presentation of concerns be made to Committee/Council.

Copies of Mr. Breznik’s comments were distributed to the Committee and has also been retained in the Office of the City Clerk for the public record.

Staff confirmed that the 45-day review period as recommended in the report allows the proponents to make their concerns known to the Ministry of the Environment and if there are any major concerns, staff will bring a report back to the Committee.
On a motion, the presentation by Richard Breznik respecting Staff Recommendations for the North-South Route of the Waterdown Aldershot Master Transportation Plan was received.

(g) PRESENTATIONS

(i) Hess Village Review – Outdoor Boulevard Café Encroachment Agreement Terminations (PW10012) (Ward 2) (Item 7.1)
