RE: Rezoning Application for 3250 Homestead Dr. Mount Hope. (File No: ZAC-11- 020

Dear Mr. Chan

As owners of 55 Marion St., Mount Hope, we strongly continue to oppose the change in zoning and the proposed development of the subject property.

Planning Committee at its previous meeting on this matter recognized the problems with it and members stated that they would not support it as proposed.

The matter was tabled to allow for meetings with Councillor Johnson, Planning Dept., and residence.

The end result is no change, and the public meeting on Aug. 22/13 proposed no changes to consider.

IT was only called to advise us, "all" is the same and to my knowledge no meeting with councillor

Johnson has been held.

We have received no notice of the Sept 4/13 Planning Meeting as of today, with this matter on the agenda.

We expect to address the Committee.

Attached please find our previous letters which we expect to be presented.

Yours Truly,

MARIANNE & HUGH BROWN
