Whereas, a senior staff member of the Planning & Economic Development Department’s Economic Development Division has been dedicated to this sector for the last three years and that the City is a member of both the Ontario Clean Technology Alliance (OCTA) and the Golden Horseshoe Strategic Energy Alliance; and

Whereas, the City of Hamilton has been requested to participate in a joint partnership with the City of Kingston and Windstream Energy Inc. to enter into an association to establish a consortium that will be responsible for the fabrication, assembly, staging, and installation of 100 off-shore wind turbines in the Wolfe Island Shoals wind project which is located approximately 5 kilometres off Wolfe Island in eastern Lake Ontario; and

Whereas, the direct benefit to Hamilton’s economy will be related to the local Clean Technology supply chain including the Port of Hamilton and several major industrial/marine related companies located at the Bayfront Industrial area; and
Whereas, there will be no wind turbines associated with this partnership located within Hamilton’s municipal boundaries; and

Whereas, the Mayor of Hamilton, designated City Councillors and Senior City staff will work cooperatively with Kingston counterparts to support, facilitate and expedite this development at the Provincial level.
