His Worship
Mayor Fred Eisenberger
City of Hamilton
71 Main Street West
Hamilton ON L8P 4Y5

Dear Mayor Eisenberger:

I am writing to congratulate you and the City for winning an AMO Federal Gas-Tax Project Award by receiving an honourable mention for Hamilton’s Central Composting Facility. I also want to extend my best wishes to Hamilton for additionally winning a P.J. Marshall Plaque Award for excellence in innovation for the Woodward Avenue Water and Wastewater Treatment Facility.

These accomplishments are an inspiring example of how environmentally friendly initiatives are helping to make our communities healthier, more prosperous places to live in. Such innovation is crucial to ensuring that Ontario’s municipal infrastructure meets today’s demands for efficiency and the need for a greener tomorrow.

The fact that the city was given two awards is indicative of what good leadership can accomplish through determined and consistent efforts to promote ecologically sound principles in local government.

Once again, congratulations to you and the City of Hamilton for this well-deserved recognition.

Sincerely yours,

Jim Watson, MPP
Minister
