Irene Hubar appeared before the Committee to express her concerns with respect to the relocation of Public Health Services from their current location at the Right House and the lack of communication and consideration with Aragon Properties Ltd. on this matter.

The Committee was distributed with information from Ms. Hubar which included Aragon Properties Ltd. Investments in Hamilton, a photo of the Right House, showing its late Victorian Design (built in 1893 and designated under the Ontario Heritage Act); potential future of the building (boarded up windows); editorial by Andrew Dreschel in the Spectator on January 23, 2012; details of leased premises at 35 King Street East by Public Health and Community Services Departments; actual square foot rates for 2009, 2010 and 2011; comments regarding Public Health Services Accommodations Report dated January 9, 2012; and, summary of lawsuits by Yale Properties from 2001 to 2010.

In her closing comments, Ms. Hubar stated that Aragon is always on the lookout to invest in Hamilton; the appearance of the Right House is a beautiful building, but if the space that the City currently occupies goes vacant, Aragon will be in a lot of trouble; there would be an annual income of $200,000, which would make operation of the building unaffordable.

A copy of the material distributed by Ms. Hubar (Appendix “A” attached hereto) can be viewed on the City’s website.

On a motion, the presentation provided by Irene Hubar, Senior Property Manager, Aragon Properties Ltd., respecting 201-35 King Street East, Hamilton, was received.

Chris Murray provided the following comments prior to the presentation, including:

- Presentation will focus on the lease space needs of the Public Health Department and the need to address some of the shortfalls in the space currently being occupied.
• Will demonstrate to taxpayers that what is before Committee for consideration is a fair deal and compensation cost from the Province of Ontario;

• Will also address some of the key questions directed from January meeting and Chris Phillips will review responses to basic questions, i.e., tax rebate

• Lease space needs are in the order of 52,300 square feet and why attempting to lease larger space

• First four years of lease agreement – at Robert Thomson Building

• Presentation will also address process; report is focused on long-term commitment; opportunity to provide swing-space to the School Board;

• Will be presenting a case that this is appropriate space for Public Health at a cost that is reasonable

Information was provided by power point presentation by:

Chris Phillips – Overview and Summary
Dr. Elizabeth Richardson – Public Health Services Consolidation
Rob Rossini – Financial Analysis

A copy of the presentation was distributed to the Committee and is available for viewing on the City’s website.
