The presentation included their history, reduction of financial deficit through, support from patrons, corporate sponsors and all levels of government, current and future direction, costs of using Hamilton Place for performances, accumulated deficit of Opera Hamilton remains at Hamilton Place, accumulated deficit if an alternate venue is used.

To conclude the presentation, Mr. Bye stated that Opera Hamilton cannot continue to provide Hamilton with international class opera under the present operating environment without significant changes, and that Opera Hamilton has to achieve a more affordable venue and it needs to do so for the 2011-2012 season.

The Committee requested staff to contact other regional centres to obtain production costs/budgets as it is important for staff to review such information in order to provide an independent analysis, and that staff report back with comparators. Mr. Bye indicated that comparisons have been done with Edmonton, Calgary and Winnipeg.

It was pointed out that it should be an “apples to apples” comparison as legislation differs among the Provinces. The comparisons should be done with medium to large-size municipalities, preferably single-tier.
