RECOMMENDATION:

(a) That the Dundas Arts Community Foundation's (DACF) grant request in the amount of $2.45 million, be approved for the Dundas Valley School of Art renovation / restoration project to be funded from the Hamilton Future Fund “B” Reserve 112247 in the amount of $1.40 million and the Unallocated Capital Reserve 108020 in the amount of $1.05 million;

(b) That the grant be of a matching nature, reflecting a commitment equal to the Federal Government's funding commitment, to be purposed as per the statement of work, as evidenced by the Federal Government's “Infrastructure Stimulus Funding Agreement” attached as Appendix “C” to report FCS10070(a);

(c) That the General Manager, Finance and Corporate Services and the City Solicitor be authorized to negotiate the terms of the agreement for execution by the Mayor and City Clerk.
EXECUTIVE SUMMARY

The Dundas Arts Community Foundation (DACF) has committed to restore, renovate and preserve three (3) historic buildings that house the Dundas Valley School of Art, the Carnegie Gallery and the Dundas Historical Museum. The DACF has embarked on a Heart of Dundas Campaign with the goal of raising $11 million to fund the restoration projects.

Infrastructure Canada has announced $2.45 million from the Infrastructure Stimulus Fund for Not-for-Profit Entities to fund the restoration of one (1) of the three (3) properties, the Dundas Valley School of Art (DVSA), with matching contributions required from the local community, for a total of $4.9 million towards the estimated renovation cost of $5 million. The Federal funding criteria is consistent with other stimulus funding requiring the project to be substantially completed by March 31, 2011.

The Federal Government’s current position is that it will pay its full share of eligible project costs incurred before the March 31, 2011 deadline. It is recommended that the City’s contribution be of a matching nature with the Federal funding, therefore the City’s obligation would be 50% of the project’s cost to March 31, 2011 up to a maximum of $2.45 million.

Due to the tight timeframe for project completion (March 31, 2011), it is imperative that the renovations to the DVSA commence almost immediately in order to maximize the Federal funding ($2.45 million). Therefore, a funding commitment from the City is required immediately in order for the project to go forward at this time.

The DACF has also applied for a $2.45 million grant from the Province under the stimulus program to match the Federal contribution. Should the Provincial funding be realized, the City’s proposed grant monies, or portion thereof, may not be required in its entirety for the DVSA project, and could then be re-directed, in part, to the Carnegie Gallery and Dundas Historical Museum restoration/renovation projects. Monies raised through DACF’s fundraising efforts (Heart of Dundas Campaign) would also be used to fund the Carnegie Gallery and Dundas Museum projects. The DACF have a goal of raising $11 million, in total, of which $2.45 million would represent community contributions in addition to matching Federal and potential Provincial and Municipal contributions. To date, the DACF have raised approximately $600,000 from community donations.

The recommendations in this report are that the proposed $2.45 million grant be for the DVSA project, due to the time sensitivity of the project and the uncertainty of the Provincial funding, at this time. Should the proposed City grant of $2.45 million, or part thereof, not be used towards the DVSA project, it is recommended that the DACF be required to make a request to the City that the funds be re-directed from the DVSA.
project to the Carnegie Gallery and/or Dundas Museum projects for Council's consideration and approval.

The Dundas Valley School of Art project is to restore, renovate and enhance the three storey brick heritage building dating from 1836. The project will address accessibility for all, with the addition of a new elevator reaching all levels, and the repair and upgrading of all stairways. HVAC systems will be added and upgraded throughout the building, with environmentally improved services. The project includes interior renovation, storage revamping, work spaces, counters and adding washrooms on each floor. The Gallery space, the administration offices, and some workrooms will be repositioned inside and all lighting will be upgraded. A media centre will be added and the library will be restored. Plumbing upgrades will be addressed throughout the building. Exterior work will include stucco repair, brickwork, sill and trim repair, exterior lighting and an entrance awning.

Appendix A to report FCS10070(a) provides information with regards to DACF, the Dundas Historical Museum, the Dundas Valley School of Art and the Carnegie Gallery.

Appendix B to report FCS10070(a) is a copy of the Press Release announcing the Federal Government’s funding commitment of $2.45 million to the Dundas Valley School of Art.

Appendix C to report FCS10070(a) is a copy of the Federal Government’s funding agreement with the Dundas Valley School of Art.

Appendix D to report FCS10070(a) is a copy of a letter from the Dundas Arts Community Foundation requesting funding.

The DACF proposal, as a whole, includes the renovation and restoration of a series of buildings, offering several benefits to the City and the community including:

- Preservation of 3 historic buildings in downtown Dundas
- Safety and Accessibility improvements including elevators, handrails, ramps, etc.
- Energy efficiencies by replacing HVAC systems, plumbing, windows, etc.
- Enable program enhancements by providing additional and more efficient space
- Economic benefits from increased tourism, the movie business and improvements to surrounding properties from private investment
- Improve facilities for use by community groups

FINANCIAL / STAFFING / LEGAL IMPLICATIONS (for Recommendation(s) only)

Financial: Regardless of the funding source for the City’s contribution to the DACF for the restoration projects, it will mean a reduction in funding available for other City
initiatives, either in the short-term or in the future. There is no direct impact on operating budgets or property taxes.

Staff are recommending the City’s contribution of $2.45 million be funded, in part, from the Hamilton Future Fund (HFF) “B” Reserve 112247 in the amount of $1.4 million, with the balance of $1.05 million from the Unallocated Capital Reserve 108020.

The HFF “B” (112247) has an uncommitted balance of approximately $1.4 million that could be used to partially fund the DACF grant.

The Unallocated Capital reserve (108020) balance was $17.3 million at the end of 2009 and has a projected balance of $13.2 million at the end of 2010 not taking the $1.05 million grant to DACF into account.

**HISTORICAL BACKGROUND** (Chronology of events)

The following motion brought forward by Councillor Powers was approved at the August 13, 2009, Council:

> "That the Finance and Community Services Departments be authorized to investigate options for possible financial involvement by the City in the Dundas Community Arts Foundation proposal."

Subsequent to the August 13, 2009, Council, the matter was sent to Audit & Administration Committee. The item was then removed from the Audit & Administration Committee’s Outstanding Business List on April 21, 2010, with the addition that the Committee would re-entertain it at any time in the future if they successfully received government funding.

On May 20, 2010, the Federal Government announced $2.45 million from the Infrastructure Stimulus Fund for Not-for-Profit Entities to fund the renovation and restoration of the Dundas Valley School of Art.

The Dundas Arts Community Foundation (DACF) approached the City requesting a grant to assist in their fundraising efforts for the Heart of Dundas Campaign for the purpose of restoring and renovating three historic buildings that house the Carnegie Gallery, the Dundas Valley School of Art and the Dundas Historical Museum.

Subsequent to the HFF meeting, staff had further meetings with the DACF in order to clarify their funding requirements, specifically related to the urgency of receiving a funding commitment from the City due to the March 31, 2011, project completion deadline imposed on the Federal Infrastructure Stimulus Funding. Therefore, the staff recommendations in this report FCS10070(a) have been revised from the recommendations in report FCS10070 by removing the requirement for matching funding from the Province and the Community due to tight timelines.

Staff are also recommending changing the funding source for the grant from what was presented in report FCS10070 to the HFF Board. Staff originally recommended funding the grant from the HFF Reserve 112246. Due to the HFF Board’s reluctance to approve the grant request, staff are now recommending the grant be funded from the uncommitted funds in HFF “B” Reserve 112247 in the amount of $1.4 million and the balance of $1.05 million from the Unallocated Capital Reserve 108020, in this report FCS10070(a).

**POLICY IMPLICATIONS**

N/A.

**RELEVANT CONSULTATION**

Dundas Arts Community Foundation (DACF).

**ANALYSIS / RATIONALE FOR RECOMMENDATION**

(Include Performance Measurement/Benchmarking Data, if applicable)

The Federal funding commitment to restore, renovate and enhance the Dundas School of Art heritage building will fund 50% of project costs to a maximum of $2.45 million. Therefore, the DACF requires funding to match the Federal contribution in order to maximize the Federal funding. The Federal Government’s March 31, 2011, deadline for substantial completion of the project necessitates that the project commence immediately, and does not allow time for the DACF to raise funding from the Province or private donations prior to commencement of the project. Therefore, it is recommended
that the City commit funding to the DVSA project to match the Federal funding, so the project can commence immediately for completion by March 31, 2011.

**ALTERNATIVES FOR CONSIDERATION:**

(include Financial, Staffing, Legal and Policy Implications and pros and cons for each alternative)

The grant to DACF could be funded from alternative sources including the 2011 Capital Levy or debt financing, however these funding options would have a direct impact on available funding for capital projects in the short term, including the 2011 Capital Budget.

The grant could be funded from the Hamilton Future Fund (HFF). DACF’s grant request was presented to the HFF Board in report FCS10070 as it was believed the restoration/renovation project being undertaken by DACF is consistent with the HFF’s guiding principles in that the investment will enhance the community’s social fabric and community life. However, the HFF Board advised they were not accepting applications for funding, at this time, and referred DACF’s grant request to Committee of the Whole for consideration.

HFF “A” (Account 112246) had a balance of approximately $63 million at the end of 2009. However, taking into account previously committed amounts to fund capital programs and the Pan Am Stadium, the HFF is forecast to decline to approximately $20 million in the years 2013 and 2014. Table 1 of report FCS10070(a) provides a forecast of the Hamilton Future Fund balances, not accounting for the potential $2.45 million grant to DACF. The HFF reserve balance would decline to approximately $17.5 million by 2014 should the total grant be approved for funding from the HFF “A” reserve.

HFF “B” (Account 112247) has an uncommitted balance of approximately $1.4 million that could be used to partially fund the DACF grant.

Alternatives to funding the DACF grant from the HFF “B” 112247 in the amount of $1.4 million and the Unallocated Capital Reserve 108020 in the amount of $1.05 million as recommended in report FCS10070(a) could be to fund the grant entirely from the Unallocated Capital Reserve or the HFF “A”, or a combination of funding from the HFF “A” and HFF “B”.

The various funding options are provided in Table 2 of this report FCS10070(a).

FOR IMMEDIATE RELEASE

MP Sweet congratulates Dundas Arts Community on Infrastructure Stimulus Funding

Dundas, Ontario – May 20, 2010 – David Sweet, Member of Parliament for Ancaster-Dundas-Flamborough-Westdale offered congratulations to the Dundas arts community today on Federal infrastructure funding designed to help bolster Dundas as a thriving arts hub.

As part of the Federal Infrastructure Stimulus fund allocated to support job-creating and community investment projects led by not-for-profit organizations, the Dundas Valley School of Art (DVSA) will receive $2.45 million from the Government of Canada, to be matched by the DVSA, for critical renovations to the 174-year-old building on Ogilvie Street.

"Take a look at the number of studios, not just in Dundas, but in the surrounding area in Greensville, Lynden, Rockton, Troy and more. Artists working with a whole range of media are creating inspiring works," said MP David Sweet. "The Dundas Valley School of Art has been a catalyst in making this happen for 35 years."

Tom Bontje, Chair of the DVSA board, said "DVSA is proud to be part of the creative community in the Valley Town and we're encouraged by today's announcement." He went on to acknowledge that DVSA is part of the larger Heart of Dundas campaign that includes renewal of the historic homes of the Carnegie Gallery and the Dundas Historic Museum.

"The arts are integral to the fabric of Canadian life and community and this investment in the arts community in Dundas helps take it to the next level," said Bontje.

Sweet also emphasized the value of preserving a heritage building of the genre for which Dundas is well-known. "I'm also pleased that the funds will help restore a beautiful building that embodies the colonial architecture that is very much part of the character of Dundas and has been used in Hollywood movies, filming for TV programs and also as inspiration for painters, photographers and artists."

Sweet notes that the purpose of the infrastructure funding that has been taking place since the 2009 Federal Budget is to stimulate the economy by investing in projects that will serve communities well in the long term. Sweet is pleased that over the course of the past year a number of local infrastructure projects have been announced for a variety of purposes — including, renewing wastewater infrastructure,
recreation facilities, local campuses and the facilities that not-for-profit organizations use to serve urgent needs in the Hamilton area.

David Sweet has been the Conservative Member of Parliament for Ancaster-Dundas-Flamborough-Westdale since January 2006.

4.1 The Recipient agrees that Funds may be used only for the Eligible Costs (described in Schedule C) that it incurs for the Project.

5.2 Default

Canada may make a declaration of default if the Recipient:

b) terminate any obligation to pay, or to continue to pay the Eligible Costs, including any obligation to pay any amount due prior to the date of termination, if it is related to the event of default; and

c) require the Recipient to reimburse to Canada all or part of the Fund received by the Recipient.

5.4 Waiver

Unless a waiver is executed in writing, that Party will be entitled to seek any remedy that it may have under this Agreement or under the law.
6. DISPOSAL OF ASSETS
   a) Unless otherwise agreed to by the Parties, the Recipient shall retain title to, and ownership of, the asset resulting from the used Funds for ten (10) years after the completion of the Project.
   b) If, at any time within ten (10) years from the date of completion of a Project, the Recipient sells, leases, or otherwise disposes of, directly or indirectly, any Asset acquired, constructed, rehabilitated or renovated, in whole or in part, under this Agreement, other than to Canada or with consent of the Federal Minister, the Recipient may be required to reimburse Canada in whole or in part the Funds received for the Project.

7. CLAIMS AND PAYMENTS
   7.1. Payments will be made on the basis of the Eligible Costs.
   7.2. Canada will make payments to the Recipient if they are payable under the terms of this Agreement.
   7.3. Claims will be submitted to Canada at least every three (3) months, in a form acceptable to Canada, and will include the following:
       a) a cover letter specifying the expenditure period for which reimbursement is claimed, as well as the total amount of the claims, and confirming receipt of payment for previous claims;
       b) attestation signed by the Authorized Representative that all expenditures claimed are Eligible Costs under the terms of the Agreement, and certifying the accuracy of the information provided in support of the claim;

d) The Recipient will allow Canada and its agents, employees or contractors to access and enter at any time during reasonable hours upon any real property under the ownership or control of the Recipient for the purpose of ensuring that mitigation measures and any follow up program are implemented for a Project.

e) Notwithstanding any other provisions of this Agreement, should the EA conducted under the CEAA be revisited or should a subsequent EA be conducted in accordance with the CEAA for a Project, the Recipient agrees that all of Canada's obligations pursuant to this Agreement in respect of that Project will be suspended from the moment that Canada informs the Recipient and such situation will remain until Canada has decided that, taking into account the implementation of any mitigation measures that Canada considers appropriate, that Project is not likely to cause significant adverse environmental effects or is likely to cause significant adverse environmental effects that can be justified in the circumstances and in accordance with the CEAA. The Recipient will continue to be responsible under this Agreement to comply with all conditions, to implement any mitigation measures and any follow up program arising out of the revisited EA or the subsequent EA conducted in accordance with the CEAA for that Project.

   The Dundas Valley School of Art project is to restore, renovate, and enhance the three story brick heritage building dating from 1856, in which the DVSA lives. DVSA has been extant in Dundas for over 40 years, with no significant deficit. The building, dating from 1856, faces many challenges. HVAC systems will be added and upgraded throughout the building, with environmentally improved services. This project includes interior renovation, storage revamping, work spaces and counters, and adding washroom spaces on each floor. The Gallery space, the administration offices, and some work rooms will be repositioned inside and all lighting will be upgraded. A media centre will be added for budding photographers and for community use. The library area will be restored and repositioned to create a community resource while visitors have a coffee or tea. Plumbing upgrading will be addressed throughout the building. The exterior work will include stucco repair, brick work and repointing, sill and trim repair and finishing, exterior lighting and an entrance awning. The Heart of Dundas Fundraising Campaign supports this major cultural building project in the historical Town of Dundas.

SCHEDULE D
COMMUNICATIONS PROTOCOL

1. SCOPE

1.1 This schedule applies to communications activities carried out jointly or separately by the signatories to this Agreement.

2. GUIDING PRINCIPLES

2.1 Canada and the Recipient agree to undertake joint communications activities and will collaborate on preparing products for those activities to ensure open, transparent, proactive and effective communications with Canadians. This transparency and accountability will be achieved through appropriate public communications activities that recognize the contributions of both Parties to this Agreement.

2.2 Whenever possible, planning for such events requires fifteen days. The Parties agree to do everything possible to hold these joint events in a timely manner or agree on other means to effect that communication. Costs for such events will be equally shared.

2.3 The Parties agree that all communications products produced pursuant to Article 2.1 above will include the overarching Government of Canada brand as provided by Canada. All such material shall fairly reflect the contribution of the Parties to this Agreement. This includes ensuring equal recognition and prominence where words, logos, symbols and other types of identification are incorporated into materials. Finally, all such public information material will be produced in both Official Languages (English and French).

2.4 The Parties can carry out their own communications activities relating to their infrastructure investments that are part of or include the work to be done under this Agreement. However, such communications should nonetheless recognize and emphasize the Parties to this Agreement and the general nature of the Eligible Project to be carried out. The Recipient's submission of the reports called for in section 10.1 of the Agreement will assist Canada in communicating progress under the Agreement through its various means.

3. COMMUNICATING WITH THE PUBLIC

3.1 Public Communications

a) Canada and the Recipient agree to work together on an event to announce the signing of this Agreement or at another milestone during the construction of the project.
b) Canada and the Recipient may, from time to time, hold joint communications events during the life of this Agreement to outline milestones or important accomplishments.
c) In organizing these events, the Parties shall use the Table of Precedence of Canada, as established by Canadian Heritage (http://www.pch.gc.ca/pgm/cem-cce/cpat/precedence-eng.cfm), or other mutually agreed protocol. Messages and public statements for such events should be mutually agreed upon.

3.2 Signage and reporting

Canada and the Recipient will provide a template for a permanent, English and French sign acknowledging the Government's contribution that the Recipient shall install upon the completion of the project.

3.3 Project communication

a) The Recipient is solely responsible for operational communications including calls for tender, construction, and public safety notices. Such operational communications are not subject to official language requirements.
b) During project construction, the Recipient will ensure information is promptly shared with Canada on significant emerging media and stakeholder issues relating to the Project. Such issues could include serious injury, environmental issues, land ownership issues etc.

4. COST ALLOCATION

Unless otherwise agreed, the Parties will each bear their own direct costs, e.g., staff time, transportation, per diems, etc. associated with the application of this Schedule.

To: Mayor Fred Eisenberger and Members of Hamilton City Council,

The Dundas Arts Community Foundation asks that the City of Hamilton will consider our request for a grant in the amount of $2,450,000.00 to assist funding our Heart of Dundas Campaign.

If successful, these funds will be used to leverage the $2,450,000.00 already awarded under the Federal Government’s Infrastructure Stimulus Fund to the Dundas Valley School of Art (DVSA). These funds will be used to restore the condition of the DVSA’s building to more modern standards and/or to renovate the Carnegie Gallery and Dundas Museum.

The Dundas Arts Community Foundation is currently negotiating a similar request for $2,450,000.00 from the Province of Ontario through the office of Ted McMeekin, M.P.P. Ancaster – Dundas – Flamborough – Westdale.

Thank you in advance for your consideration of this important community project.

Yours truly,
