Chris Murray, City Manager, reported the following with respect to the matter of Public Health Services Accommodation – McMaster Health Campus:

- Matter respecting swing space for the School Board has been resolved between the HWDSB and Yale Properties; 3 locations do not involve the leasing space that the City was focused on in the Robert Thomson Building
- What this means is that the deal that the City had "inked" with Yale has changed, and the City no longer requires the first two years of that deal to be acted on
- Staff has had discussions with Yale and will be coming back to the Committee with some minor changes to the Agreement that was previously presented; hope to get changes done as soon as possible and bring report forward to the April 18 Committee meeting
- Report will include an evaluation of 3 proposals i.e., Yale Properties, City Centre and Right House; report will clarify a decision to simply have a portion of Public Health staff relocate to the McMaster Health Campus in July 2014
• Want to be able to present what would happen if everyone effectively stayed where they were i.e., do not amalgamate all Public Health functions, evaluation of ‘do nothing” alternative, understanding that some portion of Public Health will be moving to the McMaster Health Campus

(Pearson/Farr)
That Report PED1134(c)/FCS11063(c)/BOH11026(c)/CM11008(c) respecting Public Health Services Accommodation – McMaster Health Campus be received and no action taken. CARRIED
