b) That the Hamilton Association of Business Improvement Areas Strategic Plan: 2011-2014, attached as Appendix “B” to Report PED11193, be received for information.

EXECUTIVE SUMMARY

In 2010, the City, in consultation with the Concession Street, Downtown Dundas, Ottawa Street, Waterdown, and Westdale Business Improvement Areas (B.I.A.s), retained Urban Marketing Collaborative to undertake a review of the original Commercial Market Assessments of the above referenced B.I.A.s that were completed in 2003. Findings from the reports were presented to the members of the Planning Committee and were received by Council in April 2010. The five (5) updated reports all

Vision: To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

Values: Honesty, Accountability, Innovation, Leadership, Respect, Excellence, Teamwork
identified that, “There may be a need for a strategic review of the role and structure of HABIA, especially in light of the increased number of BIAs, their different needs and the wide range of issues they may have.”

In July 2011, the City retained LURA Consulting to undertake a strategic review of the role and structure of H.A.B.I.A. and to prepare a strategic plan for H.A.B.I.A. The scope of work for the project did require that the Consultant prepare a Terms of Reference for H.A.B.I.A. and a Strategic Plan for H.A.B.I.A., attached to Report PED11193, as Appendix “A” and "B", respectively. The Terms of Reference outline H.A.B.I.A.’s vision, goals and values, their membership composition, and their governance and operation structure.

In preparation of the reports, the Consultant met with each B.I.A., members of City Council and members of staff and facilitated three (3) strategic planning workshops with the members of H.A.B.I.A. The draft reports were presented to the members of H.A.B.I.A. and the final draft reports were distributed to each B.I.A. and member of H.A.B.I.A. for review.

“Alternatives for Considerations – see Page 5.”

**FINANCIAL / STAFFING / LEGAL IMPLICATIONS** (for Recommendation(s) only)

There are no financial, staffing or legal implications arising from approval of this Report’s recommendation. Urban Renewal staff currently provide administrative support to H.A.B.I.A.

**HISTORICAL BACKGROUND** (Chronology of events)

Prior to 2001, there were eight (8) B.I.A.s within the City of Hamilton; Barton Village, Concession Street, Downtown Hamilton, International Village, King West, Main West Esplanade, Ottawa Street and Westdale Village. The “B.I.A. and Business Association Coordinating Committee” existed, whereby, representatives from the B.I.A.s and business associations met on a regular basis to share information and discuss issues of common concern.

In 2001, during amalgamation, it was identified that the Towns of Dundas, Stoney Creek and Flamborough (Waterdown) had established B.I.A.s within their municipalities. The amalgamation brought the total B.I.A.s within the City of Hamilton to eleven (11). Since then, two new B.I.A.s have been designated, the Locke Street B.I.A. in 2006 and the Ancaster B.I.A. in 2008. Currently, there are thirteen (13) B.I.A.s within the City of Hamilton.

Vision: To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

Values: Honest, Accountability, Innovation, Leadership, Respect, Excellence, Teamwork
During 2001, the name of the “B.I.A. and Business Association Coordinating Committee” changed and has since been known as the Hamilton Association of Business Improvement Areas (H.A.B.I.A.). H.A.B.I.A. is a forum wherein representatives from each of the B.I.A.s meet on a monthly basis to discuss issues and concerns of mutual interest and to collectively identify solutions. The Committee is a great resource for the members because of the sharing of information and ideas. Many times B.I.A.s find successful solutions to problems that other B.I.A.s have faced. The forum also provides an opportunity for City staff to attend the meetings, sharing and gathering information on issues and policies that affect small businesses throughout the City.

In 2010, the City in consultation with the Concession Street, Downtown Dundas, Ottawa Street, Waterdown, and Westdale Business Improvement Areas, retained Urban Marketing Collaborative to undertake a review of the original Commercial Market Assessments of the above referenced B.I.A.s that were completed in 2003. Findings from the reports were presented to the members of the Planning Committee and were received by Council in April 2010. The five (5) updated reports all identified that, “There may be a need for a strategic review of the role and structure of HABIA, especially in light of the increased number of BIA’s, their different needs and the wide range of issues they may have.”

In July 2011, the City retained LURA Consulting to undertake a strategic review of the role and structure of H.A.B.I.A. and to prepare a strategic plan for H.A.B.I.A. The scope of work for the project did require that the Consultant prepare a Terms of Reference for H.A.B.I.A. and a Strategic Plan for H.A.B.I.A., attached to Report PED11193, as Appendix “A” and ”B”, respectively.

**POLICY IMPLICATIONS**

Not applicable.

**RELEVANT CONSULTATION**

The consultant organized meetings with each of the B.I.A.s and members of City Council. The consultant facilitated three (3) strategic planning workshops with the members of H.A.B.I.A. The consultant also met with relevant staff from the Planning and Economic Development and Public Works Departments.
The designation of Business Improvement Areas and the Boards of Management are establishment by a municipal by-law. B.I.A.s allow local business people and commercial/industrial property owners and their tenants to join together with the support of the municipality, to oversee the improvement, beautification and maintenance of municipally-owned land, buildings and structures in the area beyond that which is provided at the expense of the municipality and to promote the area as a business or shopping area. The membership of H.A.B.I.A. is comprised of representatives from each active B.I.A. Meeting once a month, H.A.B.I.A. provides a forum for staff to receive input from the B.I.A.s on various policies or initiatives that may affect small businesses throughout the City. Staff is often directed by Council to receive input from H.A.B.I.A. respecting policy, procedure and by-law recommendations.

The Terms of Reference, attached to Report PED11193 as Appendix “A”, defines the vision, goals and values of H.A.B.I.A. The priorities listed in the document endorse the value of collaboration amongst the B.I.A.s and it is recognized that H.A.B.I.A. provides them the forum to work together. The document defines who will comprise the committee and outlines the conditions and commitment of the membership. A representative selected by Council will be a non-voting member of H.A.B.I.A. The roles of the Chair, Vice-chair and Treasurer are defined. They will be nominated positions established through a majority vote of the members of H.A.B.I.A. using a secret voting process. The structure of the meetings and the voting procedure and decision making process have been developed. Decision-making will be based on the principle that everyone has a right to express their opinion. A consensus-based approach is the preferred method of operation for H.A.B.I.A. – where members seek general agreement on issues and recommendations. When consensus cannot be achieved, H.A.B.I.A. members will conduct a vote and the vote can only be taken when quorum is achieved. A recorded vote can be requested by any member of H.A.B.I.A. immediately before or after a vote takes place. The minutes of H.A.B.I.A. meetings will regularly be distributed to members of Council and relevant City departments.

The H.A.B.I.A. Terms of Reference and Strategic Plan provide the footprint for the B.I.A.s throughout the City to collectively work together in an effort to enhance the economic well-being of the City of Hamilton.

ALTERNATIVES FOR CONSIDERATION:
(include Financial, Staffing, Legal and Policy Implications and pros and cons for each alternative)

Council may choose to not endorse the Terms of Reference for H.A.B.I.A. Staff does not recommend this alternative as it would leave H.A.B.I.A. without a clear Terms of Reference by which they are governed. Their ability to move forward with their mandate and implementation of their strategic plan may be hindered and less efficient.

Background

HABIA is an arm’s length association, independent from the City of Hamilton. For over ten years the Hamilton Association of Business Improvement Areas (HABIA) has been working collaboratively with its partners to improve conditions for small businesses in Hamilton’s BIAs.

History

In 2001, the City of Hamilton amalgamated with Ancaster, Dundas, Glanbrook, Stoney Creek and Flamborough. The Towns of Dundas, Stoney Creek and Flamborough (Waterdown) had established Business Improvement Areas (BIAs) within their Municipalities. Prior to 2001, there were eight (8) BIAs within the City of Hamilton; Barton Village, Concession Street, Downtown Hamilton, International Village, King West, Main West Esplanade, Ottawa Street, and Westdale Village. The amalgamation brought the total BIAs within the City of Hamilton to eleven (11). Since, two new BIAs have been designated, the Locke Street BIA in 2006 and the Ancaster BIA in 2008. Currently, there are thirteen (13) BIAs within the City of Hamilton.

Prior to 2001, the BIA and Business Association Coordinating Committee existed, whereby, representatives from the BIAs and business associations met on a regular basis sharing information and discussing issues of common concern. During 2001, the name of the committee changed and has since been known as the Hamilton Association of Business Improvement Areas (HABIA).

HABIA is a forum where representatives from each of the BIAs meet on a monthly basis to discuss issues and concerns of mutual interest and to collectively identify solutions. The committee is a great resource for the members because of the sharing of information and ideas. Many times BIAs find successful solutions to problems that other BIAs have faced. The forum also provides an opportunity for City Staff to attend the meetings, sharing and gathering information on issues and policies that affect small businesses throughout the City.
Strategic Planning Process

In July 2011, the City of Hamilton initiated a strategic review of HABIA in order to define the role and structure of the committee and create an updated strategic plan.

The review was conducted in a collaborative manner, providing equal opportunities for all stakeholders to be involved in the process. In order to ensure there were ample opportunities to receive input/feedback, the Project Team conducted interviews with representatives from each BIA in the City of Hamilton as well as with several members of City Council. These interviews provided the Project Team with a baseline understanding of the current role and structure of HABIA as well as potential areas for improvement.

In addition, two strategic planning workshops were held on August 23 and August 30, 2011. These workshops were organized in a sequential manner, working with individuals to conduct a strengths, weaknesses, opportunities, and challenges assessment and taking those results to collectively review the committee’s vision, goals/objectives, and action plan for 2011-2014 as well as draft a Terms of Reference for the committee.

Following the two strategic planning workshops, the Project Team prepared draft versions of the committee’s Terms of Reference and Strategic Plan (2011-2014) were circulated to all current members of HABIA for review. On September 28, a third workshop was held to conduct a final review of the draft materials and gain support from HABIA members for the Terms of Reference and Strategic Plan (2011-2014). The documents were well received by HABIA members and all who attended agreed to conduct a detailed review of the documents following the workshop. Revised copies of the Terms of Reference and Strategic Plan (2011-2014) were circulated to HABIA members on September 29 for final review and comment by October 5.

Reporting and Monitoring

It is recognized that for this strategy to be successful regular progress monitoring and reporting is needed. At the final workshop to review the Terms of Reference and Strategic Plan (2011-2014), participants agreed that a detailed review of the strategic plan was necessary. Consequently, participants decided to review each goal and its associated strategies and actions over the course of five HABIA meetings (one goal per meeting). Upon completion of the strategic plan review, the following will also be implemented:

- Progress reporting for the implementation of the strategic plan will be included on each HABIA agenda;
- An annual report will be prepared that details the success of each year and outlines the actions for the following year; and,
- The Strategic Plan will be updated and reviewed on a semi-annual basis.
