RECOMMENDATION

(a) That the Management Action Plans as detailed in Appendix “A” of Report AUD13016 be approved; and

(b) That the General Managers of Community Services and Public Works be directed to instruct the appropriate staff to have the Management Action Plans (attached as Appendix “A” to Report AUD13016) implemented.

EXECUTIVE SUMMARY

The 2012 Internal Audit work plan approved by Council included an audit of the Housing Services Rent Supplement Programs. Rent supplements provided to landlords for low income housing clients were audited. Proper assessment and entitlement, payment methods and related administrative and management practices were assessed. Compliance with conditions in the Ontario Housing Services Act was also reviewed.
The results of the audit are presented in a formal Audit Report (2012-12) containing observations, 15 recommendations and management responses. Audit Report 2012-12 is attached as Appendix “A” to Report AUD13016.

HISTORICAL BACKGROUND (Chronology of events)

The audit was scheduled as part of the 2012 Internal Audit work plan approved by Council. The audit fieldwork was completed in December 2012. The results of this audit are attached as Appendix “A” of Report AUD13016.

The Audit, Finance and Administration Committee receives and approves final audit and review reports as part of its responsibilities for the oversight of governance and control.

POLICY IMPLICATIONS/LEGISLATED REQUIREMENTS

- Ontario Housing Services Act, 2011, Regulation 298/01
- Ontario Residential Tenancies Act, 2006

RELEVANT CONSULTATION

Appendix “A” to Report AUD13016 includes action plans which reflect the responses of management responsible for the administration and operations of the Rent Supplement Programs, Housing Services Division, Community Services Department.
The Housing Services Division (Service Manager) is responsible for administrating RGI (rent-geared-to-income) as per the Ontario Housing Services Act. Three of the City of Hamilton rent supplement programs were reviewed. These programs (Strong Communities Rent Supplement, Commercial Rent Supplement and the Ontario Community Housing Assistance Program (OCHAP)) consisted of approximately 1,170 units with a total 2012 budget of $5.7 million.

The Service Manager is required to provide RGI units to households and ensure their annual incomes at the time of their selection for rent supplements do not exceed the applicable income limit. The Service Manager will also perform other duties such as approving applications and administering rent supplement agreements and submitting reports to the Ministry, as required.

A formal Audit Report (2012-12) containing observations, recommendations and resulting management action plans was issued. Fifteen recommendations were included in Audit Report 2012-12 (attached as Appendix “A” of Report AUD13016). Highlights of the recommendations made are as follows:

- Develop standards to document RGI (rent-geared-to-income) income inclusions, exclusions and utility charges and include in a business manual of administrative procedures;
- Ensure enforcement letters (reminders) are sent for situations where additional tenant information is required and perform any required additional follow up;
- Create and utilize for RGI calculations a centralized listing of utilities and services offered at individual housing units;
- Ensure all housing providers have a signed, current Rent Supplement Agreement and Service Manager Delegation Agreement;
- Investigate why the ODSP (Ontario Disability Support Program) shelter allowances vary from the rent actually paid by RGI tenants who are ODSP clients;
- Perform regular follow up procedures for operational review deficiencies identified and document the actions taken to ensure housing providers are fulfilling the requirements of their agreements; and
- Review rental adjustments and supporting documentation, where necessary, as part of management’s oversight of the monthly payment process.

### APPENDICES / SCHEDULES

Appendix “A” to Report AUD13016

### Observations of Existing System

1. Business Procedures
   
   There is no business procedure manual for Rent Supplement Programs.
   
   Without appropriate guidelines and expectations, it may be difficult for management to evaluate staff performance effectively. If there is staff turnover, new staff do not have consistent, written guidelines to reference.

### Recommendation for Strengthening System

That management develop, approve and implement a business manual for administrative procedures in the Rent Supplement Programs. These documents should be reviewed on a regular basis (annually) and be revised, as required.

Key areas that need to be addressed include:
- Tenant placement
- Income verification and rent calculation
- Payment processing
- Operational reviews
- Tenant file documentation requirements

### Management Action Plan

Agreed. Management has started the process of developing an operations manual. Thus far, the sections for Program Guidelines, Tenant Placement and Income Verification and Rent Calculation are complete. The rest of the operations manual will progress toward a completion date of December 31, 2013.

<td>Rent-geared-to-income (RGI) calculations are complex due to the many regulations for income inclusions and exclusions per the Housing Services Act (HSA). The current method used to document income inclusions and exclusions was found not to provide adequate rationale to support the RGI calculations. A manual, unstructured form is used for documenting tenant RGI calculations. Many rental calculations include additional charges or reductions due to utilities and services as required by the HSA. All files reviewed (15) did not provide adequate support for amounts that increased or reduced tenant rents.</td>
<td>That a standardized electronic form or template be developed and used for RGI calculations.</td>
<td>Agreed. A standardized electronic (Excel spreadsheet) has been developed in-house using the “Household Income and Asset Review” template developed by the Ontario Non-Profit Housing Association. This template is now being used by the supplement clerks to calculate RGI rents. A template and file path will be included in the operations manual noted above.</td>

<td>That a centralized listing be created (and updated regularly) to detail the utilities and services offered at individual housing units in the rent supplement programs.</td>
<td>Agreed. A centralized listing of all current housing providers which would include unit size, market rent, other amenities and the utilities included in the rent will be prepared. The Housing Services Act specifies which utilities and services are to be included in tenant rental amounts. When a housing unit provides utilities and services that differ from the standard utilities and services, additional amounts are added to or deducted from a tenant’s basic monthly rent.

Housing units vary widely as to which utilities and services are included in their basic market rent. There is currently no centralized listing for program staff to use as a reference tool which details the utilities and services that are provided in each unit. Such a listing should be used by staff during the RGI rental calculation process to ensure that calculations are being completed accurately.

That such a listing be used by staff to support the RGI calculation process.

Agreed. The listing will be utilized to support the RGI calculations.
5. **Ontario Community Housing Assistance Program (OCHAP)** is a rent supplement program that provides RGI assistance. Funds are given to the non-profit housing providers that administer the program under the authority of a Service Manager Delegation Agreement (SMDA).

One housing provider has not signed a SMDA or a Rent Supplement Agreement (RSA) with the City. This housing provider has never entered into a signed agreement with the City since the City became the Service Manager in 2001. Per City staff, this housing provider has indicated that no agreement will be signed because the agreement’s requirements restrict the ability to fulfill its mandate of serving its specific client community.

Per the most recent operational review completed by the City, this Housing Provider was not in compliance with Provincial legislation for the placement of tenants. The Access to Housing waitlist is not utilized by this Housing Provider.

**Recommendation for Strengthening System**

That all housing providers under OCHAP be required to sign a SMDA and a RSA (and comply with all requirements in the agreements) in order to continue receiving rent supplement funding.

**Alternative Action Plan**

Alternative to be considered. This particular facility offers all levels of care. There is no signed contract as its management feels it would infringe upon its mandate to house a specific client group and it would have to use the centralized wait list for social housing for its applicants. Under the former SHRA and now the RSA, the City of Hamilton can use exceptional circumstances to opt out of the centralized wait list. For historical purposes (the contract was originally signed by the Province of Ontario in the 1990’s), this has been deemed an exceptional circumstance. An amended contract will be scripted and signed by both parties by June 30, 2013 (an extra month has been given to ensure time for a Board meeting).

Two of the Commercial and Strong Communities RSAs noted above expired in December 2011 and still had not been renewed when testing was completed December 2012. The City has increased its legal risk and financial exposure without valid agreements in place. That the City work collaboratively with housing providers and landlords to sign RSAs in a timely manner, within a specified timeframe that is determined by management.</td>
<td>Agreed. A policy and procedure will be developed that states that the renewal process will begin 60 days prior to the expiration of the current agreement and stored as part of the manual. The renewal schedule will be compiled by June 30, 2013 and kept in a central location with a follow-up protocol which will make use of the task function in Outlook. Term length for each agreement will vary so that, in the future, all agreements will expire on the same date, at which time and going forward, the agreements will have a standard 5 year term. All OCHAP agreements are now current and there is only 1 Strong Communities agreement outstanding. It is anticipated to be signed and on file by March 31, 2013. Agreed. The policy above will include any remedies available to the Service Manager with regards to non-compliance.</td>

<td>That the Housing Services Division and the Employment and Income Support Division work together to investigate why ODSP shelter allowances vary from the rent actually paid by RGI tenants who are ODSP clients. Any errors or discrepancies should be corrected.</td>
<td>Not applicable/Alternative to be considered. The current provincial system has restricted the ability to share tenant information with the Ontario Works and ODSP Programs. Housing Services staff were informed that accessing tenant information through the provincial information system for social assistance (SDMT) was in contravention of Privacy Legislation. As an alternative, the Housing Services Division and the Employment and Income Support Division will work together to investigate a solution to this issue through possibly a signed consent on the tenant's file. A resolution to this issue will be in place by March 31, 2014.</td>

<tr>

<td>The Housing Services Act specifies the monthly tenant rent amount based on the size of the benefit unit (a benefit unit is a person and all of his/her dependents that receive financial assistance). Staff complete annual RGI calculations that determine the rent that should be paid by the tenant as per the Act. Some rent supplement tenants have an income source from ODSP (Ontario Disability Support Program) that includes an amount for shelter. In 10 of 11 ODSP files reviewed, the shelter allowance received under ODSP was more than the rent paid by the rent supplement tenant. ODSP clients are required to report their actual shelter costs to their ODSP caseworkers. Management was not able to explain why the ODSP shelter amounts were more than the rent actually paid by RGI tenants.</td>

### #8. Operational Review Follow Up

When the City delegates Service Manager responsibilities to a housing provider (via a SMDA), operational reviews are performed periodically by the Housing Services Division staff to verify that the housing provider is fulfilling the requirements of the agreement and is properly administering the rent supplement programs (i.e. tenant income verification, RGI calculations, filling vacancies appropriately).

Two out of the eight instances examined identified situations in which appropriate follow up actions were not taken by the Housing Services Division after deficiencies were noted during an operational review of a housing provider (i.e. evidence of corrective actions taken were not included the operational review file).
