including commencement of construction of a single family detached dwelling within 12 months, and completion thereof within 24 months.

Mr. Nguyen is proposing construction of a custom 2,288 square foot single detached dwelling on the property; a heritage permit application is currently under review by Community Planning and Design. ANALYSIS / RATIONALE FOR RECOMMENDATION:

Mr. Nguyen is demonstrating a significant investment in the subject property. The land value, together with construction of the proposed residence, will amount to about $344,000, the building representing $270,000 of this investment.

ALTERNATIVES FOR CONSIDERATION:

To withhold Mr. Nguyen’s request would mean that the City could invoke its right to re-purchase the lot, pursuant to the following covenant contained in the transfer:

*If the Transferee fails to comply with the conditions within the time required, then the Transferor shall have the option to re-purchase the property and to receive a conveyance of it free and clear of all charges and encumbrances, liens, claims or adverse interests whatsoever, and the Transferor agrees to pay the Transferee the original purchase price for the said lands, less the deposit, less real estate commission, less arrears of real estate taxes, penalty and interest (including local improvement charges), less amounts required to discharge any mortgages, liens, charges or other encumbrances against the said lands and less the costs of the Transferor incurred in entering on the land and retaking and reselling the land and without increase or compensation for any improvements, additions, alterations in, on or under the said lands.*

Should the extensions not be granted, the City would be obliged to reimburse Mr. Nguyen the amount of $73,900 for the lot, less his deposit of $7,390 and associated expenses as provided in the foregoing covenant. Following re-purchase, the City would again place the property on the market and wait for a buyer.

Considering the time, investment and commitment to this project by Mr. Nguyen, staff recommends that the extension be granted so that he may complete his project.
