PETITION

We, the residents of Montcalm Drive, West Hamilton Mountain are petitioning for the immediate eviction of tenants residing at 45 Montcalm Drive, Unit 46 due to ongoing disturbances, such as harassment, public disturbance, indecent exposure in public, extremely loud foul language in public, vandalism, past incidences of arson, use of illegal drugs in public, trespassing and total disrespect for all surrounding neighbours. When confronted, these people become very defensive, confrontational and utter threats and more foul expletives. These disturbances occur on a frequent basis and usually result in the Police having to intervene. As residents and taxpayers, we demand that immediate action be taken so that we, as well as our children, do not have to be exposed to or affected by these ongoing problems created by the above-noted occupants.

A petition has been received in the Office of the Clerk signed by 40 residents. All personal information has been severed pursuant to Section 32 of the Municipal Freedom of Information and Protection of Privacy Act.
