PETITION

We, the undersigned residents, petition the appropriate authorities to take all necessary actions in order to numerous neighbourhood concerns concerning 21 Elena Court.

Residents are living in a modest area of the West Mountain where the average home within the court is on average over $300,000.00. The home in question has been vacant for approximately 3 years after a criminal offense in which it had been operated as a marijuana grow house, then subjected to recent vandalism. It has become a growing concern in the neighborhood for not only re-sale value of neighboring homes, but also the state in which it sits, a very negative impression with boarded up windows, and over-grown plantings.

We are asking the City of Hamilton to designate a similar bylaw which is currently in place in Niagara Falls whereby the City has the authority to order demolition of such properties.
