   presentation be approved.

(d) **Joe Giglia, 18 Picton Street East, respecting City by-laws respecting the
    keeping of birds (Delegation approved by Committee on October 17, 2006)
    (Item 6.1)**

Mr. Joe Giglia appeared before the Committee to request that consideration be
given to amending Clause 1(f) of By-law 87-016 to exclude banded budgies and
finches from the “Class 3 animal” category, and to request that the Order to
Comply issued to reduce the number of birds on his premises be extended to
December 31, 2006.

Chair Pearson thanked the delegation.

Sue McGrath, Manager of Standards and Licensing, advised the Committee that
the Animal Care and Control By-law provides for the keeping of “animals”; however, the Zoning By-law also has an impact in that it prohibits the keeping and
raising of birds at Mr. Giglia’s residence. In a situation where the two by-laws are
in conflict, the Zoning By-law prevails. She advised that staff is in the process of
reviewing the two by-laws to present amendments to Committee and Council
which will harmonize the regulations and prohibitions relating to the breeding of
animals contained within each by-law to be consistent with each other, and do not
conflict. This report will be presented to Committee and Council in the new year.
Councillor Bratina commented that the Order to Comply issued for November 15, 2006 is a hardship for Mr. Giglia, who has been carrying on his hobby in a clean and acceptable manner for many years.

(e) Amendment to the City of Hamilton Licensing Code as Recommended by the Sign By-law Study (PED05172(c)) (City Wide) (Item 6.2)

Dan Mousseau, Manager, Sign By-law, gave a brief outline of the amendments to the Sign By-law which was previously approved. He informed the Committee that Notice of the Public Meeting was advertised in The Spectator and on the City of Hamilton website, and that notification was also sent to businesses in the sign industry.

Chair Pearson requested if there was anyone present wishing to address this item.

Mr. Don McPhail of Advantage Signs expressed concern with Clause 5.1(d) of the proposed amendment which deals with “Prohibitions”. He indicated that many advertisers are using print form on signs which cannot be vandalized; therefore, would the requirement for a mobile sign to be secured with a locking mechanism still be applicable?

Mr. Mousseau responded the intent of this specific clause is to avoid manipulation of a sign in anyway, and that if the print form cannot be altered or manipulated, then it meets the requirements of the by-law.

Chair Pearson called upon Mr. George Langadinos to address the Committee, as per his written request to do so. Mr. Langadinos was not present.

(f) Applications to Amend the Hamilton-Wentworth Official Plan, City of Stoney Creek Official Plan and City of Stoney Creek Zoning By-law and for Approval of a Draft Plan of Subdivision on the Properties Located at 1187, 1189, 1211, 1215, 1217, 1227 and 1239 Barton Street (Stoney Creek) (PED06419) (Ward 11) (Item 8.1)

A Public Meeting was held.

Chair Pearson advised the meeting that, as per the Planning Act, the Ontario Municipal Board has the authority to dismiss any appeal of a person not presenting an oral statement or written statement at the Public Meeting.

Staff advised that approval of this development would not be consistent with the Provincial Policy Statement (PPS); however, if the Committee wished to pursue approval of this application, it would have the ability to do so, although reasons for consistency with the PPS must be given.
The following motion was moved by Councillor Mitchell, seconded by Councillor Whitehead:

That the Hempson Consulting Ltd. and Urbanmetrics reports be adopted as a comprehensive review as defined under the Provincial Policy Statement, and that the principle of redesignating the properties located at 1187, 1189, 1211, 1215, 1217, 1227 and 1239 Barton Street to “Residential, be approved, subject to the detailed Official Plan Amendment, Zoning By-law and all conditions for draft plan of subdivision approval coming back to the Economic Development and Planning Committee as soon as possible in 2007.

Chair Pearson called upon Tom Lederer, Solicitor, Davis and Company, to address the Committee. Mr. Lederer’s comments included, but were not limited to, the following:

- Made reference to a similar case cited in correspondence from Gowling Lafleur Henderson LLP with respect to O’Shanter Development co. vs. Durham (Regional Municipality), (2006) O.M.B.D. No. 1010
- If it is the determination that this land is appropriate for residential uses, there is no impediment in the Provincial Policy Statement which would stop the Committee from approving or moving proposals along
- Do respect staff’s efforts to make absolutely sure that this is right; no question that what is here is a comprehensive review; review demonstrates sufficient evidence that there is sufficient land available for employment
- Growth plan – Places to Grow – are transition provisions that apply to this growth plan; if application made before June 16, and less than 300 acres, then growth plan does not apply; real question to be asked is, is this the right thing to do

On motion, the motion moved by Councillor Mitchell, seconded by Councillor Whitehead, was tabled until the new term of Council.

The motion CARRIED on the following vote:

Yeas: Pearson, Bratina, Merulla, Whitehead
Total Yeas: 4
Nays: Mitchell
Total Nays: 1
Absent: Braden, Kelly, McHattie
Total Absent: 3

Tom Lederer requested the Minutes note that his request to address the tabling motion was denied by the Committee.
(g) Operational Review of the Committee of Adjustment (PED06407) (City Wide)  
(Item 8.2)

Tim McCabe provided an overview of the proposed structure of the Committee of Adjustment.

Report PED06407 respecting the Operational Review of the Committee of Adjustment was tabled pending further discussion by the Agricultural and Rural Affairs Committee, and brought back to the new term of Council.

(h) ERASE Redevelopment Grant Application (ERG-06-06) – Concession Street Holdings Inc. (Dave Kemper), 500 Concession Street, Hamilton (PED06423) (Ward 7) (Item 8.3)

Carolynn Reid, Business Development Consultant, advised that the Application meets all the requirements of the ERASE Redevelopment Grant Application.

(i) Bill 51 An Act to Amend the Planning Act and the Conservation Land Act, and Proposed Regulations (PED06421) (City Wide) (Item 8.4)

Tim McCabe advised the Committee that Bill 51 has had 3 Readings in the House, and a date for Royal Assent is yet to be determined.

Mr. McCabe outlined highlights of Bill 51, including its benefits and additional requirements once the Bill becomes effective. Mr. McCabe also made particular mention that the exemption for energy undertakings from the Planning Act is a concern to staff and many other municipalities.

(j) Other Business

(i) Chip Wagon located at the Corner of Cannon Street East and Ferguson Avenue North, Hamilton (New Business – No Copy)

Councillor Bratina spoke on behalf of the operator of a chip wagon located on the parking lot of a cleaning establishment at the corner of Cannon Street East and Ferguson Avenue North. When the owner applied for a license renewal, she was advised that the license could not be issued as the lot is not zoned for this type of business. Councillor Bratina requested the Committee’s consideration in permitting the operator to continue operating at that site on a temporary basis until such time as a rezoning application is made, or the site is required for a new development purpose.

The Committee’s recommendation is shown in Item 13 of this Report.
(ii) Application for a Change in Zoning for the Property Located at 2474 Highway No. 56 (Glenbrook) (PED06205) (Ward 11)

On motion, Information Item (u) of Planning and Economic Development Committee Report 06-018 respecting Application for a Change in Zoning for the Property Located at 2474 Highway No. 56 (Glenbrook) (PED06205) (Ward 11), was lifted from the table.

Councillor Mitchell advised the Committee that concerns with respecting ingress to and egress from the roundabout have been resolved.
