DISCLOSURE POLICY

OWNER WHOSE DOG HAS ATTACKED A PERSON OR A PERSON’S ANIMAL

1. Policy Statement
This Policy sets out when the Manager of Animal Services, Parking and By-law Enforcement, Planning Department (“Manager of Animal Services”) may disclose the name of, charge against and last known address of an owner whose dog has attacked a person or a person’s animal.

The Policy is not applicable to any information relating to a dog attack other than the name of, the charge against and the last known address of the owner.

2. Definitions
For the purposes of this Policy:

“animal” means any member of the animal kingdom, other than a human;

“charge” means a charge under a City of Hamilton by-law or the Dog Owners’ Liability Act;

“owner” means an adult who has care, control or possession of an animal; and

“victim” means:
(a) a person who has been attacked by an animal and includes:
   (i) when the person is a child, the child’s parent or guardian;
   (ii) when the person is incompetent or incapacitated, the person’s legal representative; or
(b) an owner of an animal that has been attacked by another animal.

3. Scope
This policy applies to animal attacks on a person or a person’s animal in the City of Hamilton that are investigated by Animal Services.

4. Before a Charge is Laid / No Charge is Laid
(1) The Manager of Animal Services may not disclose the name and/or last known address of an owner whose dog has attacked a person or a person’s animal before a charge in respect of the attack is laid.

Rationale
Disclosure is not provided before a charge is laid because this may be detrimental to proceeding with enforcement. (Section 8(1)(b) Municipal Freedom of Information and Protection of Privacy Act)

In addition, the information is not yet publicly available through the courts.

(2) The Manager of Animal Services may not disclose the name and/or last known address of an owner whose dog has attacked a person or a person’s animal when no charge in respect of the attack is laid.
Rationale

Disclosure is not provided when no charge is laid because in most circumstances, this occurs when a reasonable belief that an offence took place is lacking.

In addition, the information is not yet publicly available through the courts.

5. After a Charge is Laid

(1)(a) The Manager of Animal Services may disclose to the public the name of and the charge against an owner whose dog has attacked a person or a person’s animal after a charge with respect to the attack is laid upon request, in the form of a press release or by other means.

Rationale

Disclosure to the public of the name and the charge is provided after a charge is laid because it notifies the public of the City’s law enforcement activities and deters others from committing similar offences.

In addition, the name and the charge, although difficult to obtain, are publicly available through the courts.

(b) The Manager of Animal Services may disclose to the public the name of, the charge against and the last known address of an owner whose dog has attacked a person or a person’s animal after a charge with respect to the attack is laid and when the dog remains in the possession of the owner, in the form of a press release or by other means.

The Manager of Animal Services shall make a reasonable attempt in advance to provide the dog owner with the opportunity to make representations as to why the disclosure should not take place and shall consider any such representations before making a disclosure. The Manager of Animal Services will consult the City’s freedom of information staff and may consult legal staff in making a request for and responding to any representation. The timeline for responding for a request for a representation will be such that the objective of protecting the health and safety of residents of the City can be met.

Rationale

Disclosure of the name, the charge and the last known address is provided after a charge is laid when the dog has not been impounded to protect the health and safety of residents of the City by making them aware of where the dog is kept and allowing them to take precautions to protect themselves and their animals against subsequent attacks. Notice of this disclosure will be provided to the dog owner in accordance with s. 14(1)(b) of Municipal Freedom of Information and Protection of Privacy Act which states that:

**Personal privacy**

14.(1) A head shall refuse to disclose personal information to any person other than the individual to whom the information relates except,
(b) in compelling circumstances affecting the health or safety of an individual, if upon disclosure notification thereof is mailed to the last known address of the individual to whom the information relates;

In addition, the name, the charge and the last known address, although difficult to obtain, are publicly available through the courts.

(2) The Manager of Animal Services may disclose to a victim the name of, the charge against and the last known address of an owner whose animal has attacked a person or a person’s animal after a charge which respect to the attack is laid upon request.

The Manager of Animal Services shall make a reasonable attempt in advance to provide the dog owner with the opportunity to make representations as to why the disclosure should not take place and shall consider any such representations before making a disclosure. The Manager of Animal Services will consult the City’s freedom of information staff and may consult with legal staff in making a request for and responding to any representation. The timeline for responding for a request for a representation will be such that the objective of enabling a victim to seek redress can be met.

**Rationale**

Disclosure of the name, the charge and the last known address is provided after a charge is laid to a victim to enable them to seek redress.

In addition, the name, the charge and the last known address, although difficult to obtain, are publicly available through the courts.

6. **Access Request under the Municipal Freedom of Information and Protection of Privacy Act**

It is open to the public to make a formal access request to the City of Hamilton for the name and/or last known address of a dog owner under the Municipal Freedom of Information and Protection of Privacy Act. Such access requests should be directed to:
