(b) That the said building permit specifies that the replacement building be erected within two years of the demolition of the existing building on this property;

(c) That the said building permit for the replacement building specifies if such replacement building is not erected within the said two year time limit, that the City be paid the sum of $20,000;

(d) That the applicant be required to register on title to the subject property (prior to issuance of the said demolition permit), notice of these conditions (including the directions to the City Clerk outlined in sub-section (e)) in a form satisfactory to the Director of Building and Licensing and to the Director of Legal Services and Corporate Counsel; and,
