Council Direction:

At the January 31, 2012, Planning Committee Meeting, in conjunction with a proposed Notice of Motion, staff was requested to prepare a report explaining the policies and requirements with respect to the conversion of employment lands to non-employment land uses, specifically as it relates to the north side of Barton Street, west of West Avenue in the former City of Stoney Creek.

Information:

Background:

In 2011, the Ontario Municipal Board approved a redevelopment (Losani Development) of lands north of Barton Street, west of to redesignate lands in the Region of Hamilton-Wentworth and City of Stoney Creek Official Plans (OP) from Industrial to Urban/Residential. There were several properties fronting on Barton Street (Nos. 1215 to 1239) that were not part of the Losani application. They remain designated Business Park in the Region of Hamilton-Wentworth OP and Industrial in the Stoney Creek OP. In the Urban Hamilton Official Plan the lands are designated as Employment Area-Business Park.
1.0 Provincial Policy

There are requirements in both the Provincial Policy Statement (PPS) and the Growth Plan for the Greater Golden Horseshoe (Growth Plan) that address employment land conversion. The policies in the PPS are described in more general terms than the Growth Plan. The Growth Plan provides greater specificity and guidance for employment land conversions. The two provincial documents do not conflict.

1.1 Growth Plan for the Greater Golden Horseshoe
The Growth Plan came into effect on June 16, 2006. Municipalities are required to conform to the Growth Plan. Through the development of the Urban Hamilton Official Plan, the policies of the Growth Plan have been incorporated and conform to them.

The Growth Plan contains policies that identify the criteria under which the redesignation of employment lands can take place. The policies are attached as Appendix A. The applicable policies (2.2.6.5) are summarized below:

Municipalities may permit conversion of lands within employment areas, to non-employment uses as long they apply the policies and schedules of the Growth Plan in a comprehensive manner. The relevant policies, among others, are noted below.

a. To update the land budget to determine if they are not needed over the long term and to apply the employment forecasts;
b. To determine if there is a need for the conversion;
c. To determine how it affects the overall viability of the employment area and the intensification and density targets; and,
d. To review the planned infrastructure.

A Municipal Comprehensive Review is defined as a process whereby the municipality applies the Growth Plan policies either as part of an OPA or official plan review. If the City chose to redesignate the lands from employment to non-employment uses through an OPA, then requirements of the Policy 2.2.6.5 noted above would apply. A further review of other policies in the Growth Plan would also be undertaken.

1.2 Provincial Policy Statement (PPS)
The PPS contains similar policies to the Growth Plan, attached as Appendix A. These policies do not provide as clear a process as the policies in the Growth Plan.

2.0 Municipal OP Policy

2.1 Region of Hamilton-Wentworth and the City of Stoney Creek OP’s
The lands are designated Business Park in the Region of Hamilton-Wentworth OP and Industrial in the Stoney Creek OP (attached as Appendix B). Neither Plan contains policies directing when or how a redesignation of industrial lands would occur.
Notwithstanding the current OP policies, the City has to conform to the Growth Plan. Therefore, the Growth Plan policies apply.

2.2 Urban Hamilton Official Plan

To further articulate when employment land redesignations could occur, policies have been included in the new Urban Hamilton Official Plan to address employment land conversion (Policies F.1.10 to 12, attached as Appendix “A”). The intent of policies is to ensure that any potential redesignation of employment land occur along with other policies/designations as part of the review of the OP. Further, the intent was to prevent ad hoc redesignations of employment lands. The one exception is in the case of a major change in an employment area, and then a city wide study could occur prior to a five year OP review.

3.0 Conclusion:

Based on the policies and definitions of the Growth Plan respecting employment land conversions and the definition of municipal comprehensive review, it appears that a city initiated official plan amendment for the Barton Street lands may be undertaken to redesignate these lands to non employment uses provided all the policies and schedules of the Growth Plan are applied in a comprehensive manner. Analysis of these policies appear that a justification to redesignate this small enclave of employment lands with existing residential uses could be made.
