**FOR THE INFORMATION OF COUNCIL:**

(a) **CHANGES TO THE AGENDA**
   The Clerk advised that there were no changes to the agenda and that Don Fisher was present to provide advice with respect to the Closed Session Council – March 28, 2007
Minutes of February 26, 2007 and that the Board would be moving In Camera to receive that advice.

The agenda was approved as presented.

(b) DECLARATIONS OF INTEREST

None declared.

(c) Minutes of the February 26, 2007 Board of Health Meeting (Item 3.1)

The Minutes were approved as presented.

(d) Eating Well With Canada’s Food Guide BOH07018 (City Wide) (Item 5.1)

A copy of the Canada Food Guide was distributed.

(e) Cancer Incidence in Hamilton - BOH07015 (City Wide) (Item 5.2)

The Board asked several questions with respect to the affects of the environment (i.e: air pollution and socio-economic factors) on cancer rates to which Doctor Hodge responded.

The Board requested that staff prepare a report to be presented at a future meeting comparing the cancer survival rates of 10 years ago with today’s survival rates and also to outline the affects of socio-economic factors and patients’ education levels on survival rates.

(f) PRESENTATIONS

(i) Public Health Report to the Community - BOH07014 (City Wide) (Item 7.1)

Doctor Elizabeth Richardson made a PowerPoint presentation and distributed copies which highlighted the following:

- The reason for the annual report: It’s a communication tool and a requirement of the Ontario Council of Community Health Accreditation.
- Goal and Objectives of the Annual Report: To demonstrate fiscal responsibility and impact of the services provided.
- Overview of the Contents of the Report
Doctor Richardson also provided a copy of the Public Health Report and answered questions from the Board Members. The Board approved the staff report and received the presentation.

(ii) Sexually Transmitted Disease Program Update BOH07016 (City Wide) (Item 7.2)

and

(iii) Van Needle Exchange and Street Health Program Update BOH07019 (City Wide) (Item 7.3)

Linda Blake-Evans provided a PowerPoint presentation of the Sexually Transmitted Disease Program Update and Van Needle Exchange and Street Health Program Update and hard copies of the presentation were distributed.

The PowerPoint presentation highlighted the following:

- Mandate of both programs
- Activities of the Van Needle Exchange and Street Health Programs
- Trends – health issues of the clients of both programs
- Budget & staffing
- Emerging Issues & Opportunities – program review, new ad campaign and ongoing research

The Board discussed the issues arising from an HIV case that Toronto Police had recently identified. Doctor Richardson indicated that as medical care professionals, they cannot disclose details of any case but can talk about the general provisions of the legislation. A discussion followed about the difficulty of dealing with such cases. Doctor Richardson explained that a Medical Officer of Health can issue an order in only a limited number of cases and in other cases, must obtain a judge’s order.

The Board discussed the effectiveness of the programs outlined in the presentation and because of the need for confidentiality, the existing challenge to determine the actual number of clients and noted that the number of recorded visits can be determined but not the number of clients without taking a census.

The Board also expressed concerns with the location of STD clinics and methadone clinics in the downtown area and indicated that some prior
consultation is needed to minimize impact (i.e. not near places of business such as restaurants). Staff indicated that the location of methadone clinics is out of the jurisdiction of the Public Health Department and is a zoning issue.

On a motion, the Board directed that staff prepare an information report respecting the current situation of where methadone and STD clinics may be located to be included on a future Board of Health agenda.

The Board received the staff reports and presentation.

(g) PRIVATE AND CONFIDENTIAL

12.1 Minutes of Closed Session Meeting held on February 26, 2007

On a motion (McCarthy/Pearson) the Board moved in Closed Session to discuss the closed session Minutes from the February 26, 2007 Board of Health meeting respecting an identifiable individual and to receive advice that is subject to solicitor-client privilege.

On a motion (McCarthy/Duvall) the Board reconvened in Open Session.

The Closed Session Minutes of the February 26, 2007 Board of Health meeting were approved and will remain confidential and restricted from public disclosure in accordance with exemptions provided in the Municipal Freedom of Information and Protection of Privacy Act. In camera direction was given to staff.

There being no further business, the meeting adjourned at 11:15 a.m.

Respectfully submitted,
