Councillor M. Pearson introduced the following Notice of Motion:

(i) 709 Wilson Street East, Ancaster – Connection to City Watermain

Whereas the single detached dwelling located at No. 709 Wilson Street East in the rural area fronts on a rural/urban boundary road;

And Whereas the extension of the water service will be sized only for a single detached dwelling and there is no potential for new development in the rural area nor should the lands be included in the urban area;

And Whereas the water service is based on full cost recovery to the landowner at 709 Wilson Street East;

Therefore be it resolved:

That the owner of 709 Wilson Street East be permitted to connect to the City water main at Montgomery and Wilson.

On a motion, the Rules of Order were waived to allow for the introduction of a Motion respecting 709 Wilson Street East, Ancaster – Connection to City Watermain.
See Item 20 for the disposition of this item.

(ii) **Hamilton Health Sciences Urgent Care Centre in West Hamilton – Reduction to Hours of Operation**

Whereas, Hamilton Health Sciences (HHS) closed the McMaster University Medical Centre (MUMC) adult emergency department in favour of a pediatric emergency department in spring 2011,

And Whereas, Hamilton Health Sciences opened an Urgent Care Centre in April 2011, to assist patients in west Hamilton by providing low acuity patient care from 8:00 a.m. to 10:00 p.m.,

And Whereas, using data for less than a year’s operations of the Urgent Care Centre, Hamilton Health Sciences will be reducing the hours of the facility July 1 2012 by 14 hours per week, to 9:00 a.m. to 9:00 p.m.’

And Whereas, the reasons for the cutbacks are unclear and may relate to the new facility not being adequately advertised, or other issues,

And Whereas, Hamilton Health Sciences made their decision to cut the hours of the Urgent Care Centre with no consultation with the public, nor the City of Hamilton, namely the Emergency Medical Care group (ambulance service);

And Whereas, City of Hamilton data demonstrates a negative impact on ambulance response times following the reduction in service experience following the closure of the MUMC adult emergency department, and that a reduction in service hours in the Urgent Care Centre may similarly result in negative impacts to City of Hamilton EMS services.

Therefore Be It Resolved:

(a) That HHS be requested to provide Hamilton City Council with data relating to the operation of the Urgent Care Centre as reported to the Ministry of Health via Provincial “Pay for Performance” indicators including but, not limited to, numbers and ages of patients registered, including visitation times; and data outlining patients who left without being seen for all months that the Urgent Care Centre has been open; and
(b) That HHS be requested to provide Hamilton City Council with the Urgent Care Centre marketing and attraction plan, including number of patients expected and planned for, understanding that patients from west Hamilton, Dundas, and Flamborough can no longer use the McMaster University Medical Centre adult emergency department.

(b) That failing any fruitful discussions with the Provincial Government that staff be directed to investigate and report back on the merits of pursuing a similar law suit in light of this recent ruling by the Supreme Court.
