(g) PRESENTATIONS (Item 7)

(i) Legionella: Cooling Tower Registry By-law (City Wide) (BOH0921(b)) (Item 7.1)

Eric Mathews had a presentation for the Board regarding item 7.1. His presentation consisted of a PowerPoint presentation and hand-outs were distributed. His comments included but were not limited to the following:

- Outline
- What is Legionellosis
- Background
- How Cooling Towers emit Legionella bacteria
- What Public Health Services (PHS) has done
- What PHS is recommending

Mayor Bratina relinquished the Chair to Deputy Mayor Collins and left the meeting.

During the Board’s discussion respecting the issue, Mayor Bratina

Council – January 26, 2011
Board members had the following questions:

- How many cases of Legionella were documented before the large outbreak in the 1970’s case where the disease acquired its name?
- What are the risks associated with Legionella? And what are the chances of outbreaks occurring?
- Why is the word “may” used in Sections 16, 17, 18 and 20 of the by-law instead of the word “shall”?
- Why is cost recovery for failed inspections not addressed?
- Is there value in having the water within the cooling tower inspected/tested to aid in the prevention process?
- What is the total number of Cooling towers in Hamilton?
- Are Cooling towers an antiquated form of technology?
- What actions have been taken by other jurisdictions regarding Cooling towers locally? (No other City in Canada has a by-law respecting cooling towers to the presenters knowledge)
- Will the monitoring include elementary schools and hospitals?
- Does the Technical Standards and Safety Authority (TSSA) have records of the number of Cooling towers in Hamilton?
- Does staff have a break down of the types of industry that use cooling towers within the City?
- Will the by-law bring the occurrences of Legionella in the City to zero?
- Is this an issue that the Provincial government may take on over time?

The Board acknowledge staff’s work with respect to this issue.

A motion was put by Councillor Clark, seconded by Councillor Pearson that Section 18 of the By-law be amended by removing the word “may” after the word “she” and inserting the word “shall” and that a subsection (d) be added to the recommendations requiring staff to report back in 12 months regarding the by-law.

Councillor Clark’s motion was not voted on.

On a motion (Powers/Clark) the report was TABLED until next month’s meeting, in order to allow legal staff to provide input on the wording of the proposed by-law.

Mayor Bratina relinquished the Chair to Deputy Mayor Collins and left the meeting.
(h) Nurse-Family Partnership Update (BOH07035 (c)) (City Wide) (Item 8.2)

On a motion (Clark/Johnson) subsection (b) was amended by inserting the words “to the Ministry of Children and Youth Services, Ministry of Health and Long Term Care and Ministry of Health and Promotion and Sport” after the word “letter” as outlined in Item 5 of the report.

(i) General Information/Other Business (Item 11)

(i) The Board requested an update from staff regarding the use of fluoride in Hamilton’s water supply.

(ii) Letter received from Sudbury & District Health Unit, regarding Commitment to Teaching Healthy Unit Principles.

Recommendation: Refer to staff and report back to Committee.

(j) Adjournment (Item 13)

There being no further business, the meeting be adjourned at 11:26 a.m.

Respectfully submitted,

Mayor B. Bratina, Chair
Board of Health

Christopher Newman
