Jane Lee, Director of Community Services, Access & Equity and Maxine Carter, Access & Equity Co-ordinator made a PowerPoint presentation to members of Committee which outlined the following:

- Ontarians with Disabilities Act
- Key Definitions
- Duties of Municipalities
- What the Accessibility Plan Must Include
- Duties of the Advisory Committee – Mandatory
- Other Provisions
- Complimentary Amendments to Other Acts
- Accessibility for Persons with Disabilities Act, 2005
- What Does This Mean for the City
- What is New for 2008
- Achievements in 2007

Committee raised the following questions and/or concerns regarding the presentation:

- How do we interface with other departments ie. Ec Dev
- Is there any Provincial funding to assist us in creating barrier free accesses
- Some communities market their barrier free facilities
- Municipalities need to change their patterns and thinking process
- Many heritage buildings do not meet the standards and we need to initiate incentives and programs to assist (but not at the expense of the taxpayer)
- Hamilton has the highest per capita in Canada of seniors and persons with disabilities
- Need to lobby the government for more assistance
- The community is overtaxed all ready and need to develop other resources or partnerships
- Accessibility needs to be part of the long term capital plans of the City
• New Act does have enforcement component – ability to impose fines on a daily basis
• When changes in the legislation occur, the province needs to give us a reasonable amount of time to implement the changes

Committee approved the staff recommendation in the report and thanked staff and members of the Advisory Committee for Persons with Disabilities for all their work in preparing the Accessibility Plan.
