Hamilton City Council
Attention: Mary Gallagher

Re: support to City of Trenton / repatriation fallen soldiers

As we watch another repatriation let’s all stand up and be counted.

We propose that the City of Hamilton spearhead a campaign to have municipalities’ nation wide donate $1 to Trenton, ON as a thank you for their communities’ part in the repatriation of our fallen soldiers.

No one anticipated that when we started our involvement in conflicts around the world this small city and its citizens would have to take on this solemn responsibility so many times. The city of Trenton should not have to stand alone. We can show our support with this small gesture. The monies raised could be utilized as the community sees fit.

We appreciate the Hamilton City Council to consider this proposal.

Regards,

Jim and Charlene Chambers
