EXECUTIVE SUMMARY

The Real Estate Section of the Economic Development Division of the Planning and Economic Development Department is seeking Council's approval to exchange the land described in Recommendation (a), for lands it requires from Her Majesty the Queen in Right of Ontario, to widen Sierra Lane and thereby, improve Emergency Service access to Sierra Lane, the Bell Cairn Centre and the Waterfront Trail. This land exchange will also improve parking opportunities for Sierra Lane residents.

FINANCIAL / STAFFING / LEGAL IMPLICATIONS

Financial: The proposed land exchange is to be at fair market value.

Staffing: There are no staffing implications arising from this recommendation, other than Real Estate and Legal Services staff working together to complete the land exchange.

Legal: Legal Services Division will be required to assist in the preparation of the necessary closing documents.

HISTORICAL BACKGROUND

The information and recommendation contained in this Report primarily affect Ward 5.

483 Beach Boulevard was acquired by the City in 1999 from the Hamilton Region Conservation Authority (HRCA) and is now a vacant, unproductive parcel surrounded by the lands of the Bell Cairn Centre, a training facility for the Ministry of Corrections. Access and parking in the immediate neighbourhood is problematic due to the number of small residential properties on Sierra Lane, a roadway 20 feet in width and no “on street” parking.

During the late 1980’s, discussions took place between the City and the Province for a land exchange, whereby a strip of land along the southern limit of Sierra Lane would be acquired by the City in exchange for 483 Beach Boulevard, a small lot adjacent to the north wall of the Bell Cairn Centre. In 1991 the Finance and Administration Committee approved a Report recommending completion of the land exchange but it was never carried out. The main obstacle was that the Hamilton Region Conservation Authority, owner of 483 Beach Boulevard, requested fair compensation from the City. In addition, three utility poles owned by Bell and serving the residents along Sierra Lane are situated on the lands of the Bell Cairn Centre. These poles would need to be relocated.
(at an estimated cost of $40,000 to $50,000) upon the widening of Sierra Lane. As it turns out, Bell has no agreement with the Province and to facilitate this proposed land exchange, Bell has agreed to relocate the poles at no cost.

Employment growth at the Bell Cairn Centre has compounded the need for vehicular parking in the neighbourhood and in July 2012, the Province submitted a site plan for additional staff parking at the north end of the Bell Cairn Centre. The proposed land exchange will involve the City transferring 483 Beach Boulevard to the Province in exchange for a 15 foot strip along the entire length of the south side of Sierra Lane. This will accommodate an enhanced layout of the staff parking lot at the north end of the Bell Cairn Centre, with access off Beach Boulevard instead of Sierra Lane.

The widening of Sierra Lane will benefit the Beach Strip community and add the following improvements to the area:

1) Improved street parking opportunities for Sierra Lane residents;
2) Improved storm water drainage along Sierra Lane;
3) Reconstruction of the existing roadway to meet current standards;
4) An enhanced streetscape/landscaping along Sierra Lane;
5) Relocation of the existing utility poles; and,
6) Improved Emergency Service access to Sierra Lane, Bell Cairn Centre and the Waterfront Trail.

ANALYSIS / RATIONALE FOR RECOMMENDATION

The City’s land at 483 Beach Boulevard is a vacant lot with a frontage of 7.62 metres (25 feet) by a depth of 34.747 metres (113.99 feet), forming all of PIN 17570-0027 and Roll No. 25180501400970. This parcel, situated close to the Bell Cairn Centre, is not an ideal building lot.

The City of Hamilton will receive a financial benefit from the sale of the subject lands in that upon disposition, the property will generate additional property tax revenue and relieve the City from ongoing liability and maintenance. The acquisition of the 15 foot strip along Sierra Lane will provide the opportunity to upgrade the road to municipal standards, improve emergency access to residents along Sierra Lane and pedestrian access to the Waterfront Trail.

ALTERNATIVES FOR CONSIDERATION

Should Council decide not to approve the proposed land exchange, the parcel will remain in City ownership for an unknown period of time and continue to be an unproductive asset and a liability for the City of Hamilton, and the issue of parking in the vicinity will remain problematic.
