EXECUTIVE SUMMARY

The 2012 Preliminary Tax Supported Operating Budget was submitted to Council on January 24, 2012 at GIC. Each department then provided GIC with an indepth presentation of their 2012 budget plan. Boards and Agencies also presented, as well as members of the public provided delegations.

Based on the feedback during this time, staff have developed a number of recommended options to reduce the average total tax impact from 2% (as submitted) to 1.4%. The reductions are identified in Appendix “A” to report FCS12014. Further information will be provided during a staff presentation at the February 24th GIC.
The recommendations to this report ask Council to approve the budget as submitted in the preliminary document, less the recommended reductions contained in Appendix “A”. If desired, Council may approve additional reductions which would then be added to the amendment list (Appendix “A”).

The budgets for Boards and Agencies has been submitted to GIC through FCS12013 and are not included in the recommendations within this report. The approval of the Boards and Agencies budgets would occur through approval of the recommendations contained in staff report FCS12013.

Note: the average tax impact of 1.5% does NOT include approval of Council Referred Items (Recommendation J) or the Requested Program Enhancements (Recommendation K). Should Council wish to approve any of these items, it may do so, and these would then be added to Appendix A of this report.

Alternatives for Consideration – See Page 5.
