(d) **DISCUSSION ITEMS (Item 8)**

(i) **Memorandum of Understanding – Hamilton Health Sector Steering Committee (BOH11020) (City Wide) (Item 8.1)**

Dr. Richardson gave a brief overview of the memorandum and organizational chart to the Board. The Health Sector Emergency Management Committee is a culmination of years of work and planning. The organizational chart displays the level of integration and work being done by each participant.

The Board asked if there was an update regarding positions that are vacant at this time, primarily the Public Information Officer position. Dr. Richardson indicated that the position will be filled by McMaster University staff.
(ii) **Physician Recruitment and Retention Steering Committee Report 11-002 (Item 8.2)**

Councillor Ferguson gave an overview of the Physician Recruitment position. Councillor Ferguson touched upon the success and problems associated with the recruitment and retention of physicians in Hamilton.

Both Hamilton Health Sciences and St. Josephs Healthcare were contributors to the position, but indicated that they had to cease funding because of financial limitations. In order to keep the Physician Recruitment position, the City was going to be required to contribute $80,000.

Councillor Ferguson indicated that since the Physician Recruitment and Retention Steering Committee on June 16th, both Hamilton Health Sciences and St. Josephs Healthcare have offered to contribute $25,000 each towards the position for this year. This would cause an amendment to the resolution before us today. The City would only be required to put forth $25,000 for this year and not the $80,000 as indicated in the report.

The Board was in support of the amended resolution and the physician recruitment position, but asked the Physician Recruitment and Retention Steering Committee to seek alternative funding sources for the position for 2012 and beyond. As a point of comparison, Councillor Ferguson noted that the Physician Recruitment position in a number of neighbouring municipalities is funded at the local level.

The Board thanked Ms. Walker and the Physician Recruitment and Retention Steering Committee for all of their hard work.

(e) **ADJOURNMENT (Item 13)**

On a motion the Board of Health was adjourned at 10:55 a.m.

Respectfully submitted,

Mayor B. Bratina, Chair
