**RECOMMENDATION**

(a) That the Board of Health approve the 2013-2014 Community Accountability Planning Submission required by the Hamilton Niagara Haldimand Brant Local Health Integration Network for Public Health Services, Community Mental Health Promotion Program of the Mental Health and Street Outreach Services, and Alcohol, Drug & Gambling Services programs, to cover the upcoming 2013-2014 fiscal year;

(b) That the Medical Officer of Health be authorized and directed to submit reports to meet accountability agreements as required by the Local Health Integration Network.

**EXECUTIVE SUMMARY**

The previously approved 2011–2014 Multi-sector Service Accountability Agreement (M-SAA) (Appendix A) between the City of Hamilton Public Health Services (PHS), and

Vision: To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

Values: Honesty, Accountability, Innovation, Leadership, Respect, Excellence, Teamwork
the Hamilton Niagara Haldimand Brant Local Health Integration Network (HNHB–LHIN) required a Community Accountability Planning Submission (CAPS) for 2011-2013. The LHIN requires the submission of a CAPS for the final year of the M-SAA (2013-2014). Within PHS the M-SAA applies to the Community Mental Health Promotion Program (CMHPP) of the Mental Health and Street Outreach Services, and Alcohol, Drug & Gambling Services (ADGS). These programs are 100% funded outside of the City levy and therefore do not have an impact on the net levy.

**Alternatives for Consideration – See Page 5**

**FINANCIAL / STAFFING / LEGAL IMPLICATIONS** (for Recommendation(s) only)

Financial: The HNHB–LHIN has requested that Health Service Providers (HSP) submit balanced budgets using planning assumptions of no increase to base funding and use the budget numbers approved for the 2012-2013 budget years.

*Choices and Changes, and Other Recovery Funding Grants budgets will be submitted in a different report.
Vision: To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

Values: Honesty, Accountability, Innovation, Leadership, Respect, Excellence, Teamwork

Staffing: ADGS will experience slight budget pressures in staffing if the budget is approved with no increase to base funding, due to increases in the CUPE contract and step increases. There is no potential to submit a deficit budget plan; therefore, staffing pressures would be offset by reductions in operational lines.

Legal: No legal implications

HISTORICAL BACKGROUND (Chronology of events)

Accountability for funding and service related targets for the CMHPP and ADGS sits with the HNHB-LHIN. The current 2011–2014 M-SAA between the City of Hamilton PHS, and the HNHB–LHIN requires the submission of a CAPS for 2013-2014. Without this plan, the HNHB-LHIN will not flow funding to the CMHPP and ADGS.

The CMHPP is one of the 100% funded programs within the Mental Health and Street Outreach Team Service (MHSO). The CMHPP provides long term case management and street outreach services to individuals over the age of 16 who are living with a serious and persistent mental illness.

Over the 2013-2014 time period, the CMHPP CAPS Service Plan will continue to focus on the priorities outlined in the LHIN’s plan, Improving Our Health Care Experience: Integrated Health Service Plan 2010-2013. Priorities include:

- **Patient Flow:** Continue to work with community partners and St. Joseph’s Healthcare Hamilton to minimize duplication of services by designing a common assessment form for the LHIN community mental health agencies and continue to refine our central point of intake, called IntÃ¢ (Intensive Case Management Access Coordination) that represents Hamilton Program for Schizophrenia; Canadian Mental Health Hamilton; Wellington Psychiatric Outreach Program and CMHPP.

- **Chronic Disease Prevention and Management:** Work with clients to help them achieve their health goals by building relationships and working with family physicians and the Shelter Health Network for individuals who are homeless. Staff of the program have taken the Tobacco Addiction Specialist Certification through the Canadian Addiction Counselors Certification Federation and participated in additional education related to diabetes. Continue working with the Steps to Health Program to find ways to increase client participation.

- **Mental Health and Addictions:** CMHPP has an Advisory Committee that includes 50% consumers representing both mental health and addictions. The committee is consumer chaired. CMHPP will continue to work closely with the Shelter Health
Network to provide primary health care to individuals who do not have family physicians.

- **Enablers for Transformation:** CMHPP was designed on a unique model that brings together service providers and their particular expertise to create a team that can meet the diverse needs of consumers. CMHPP will continue to work with the Shelter Health Network in the delivery of the Interprofessional Learning in the Inner City Project which provides health care workers, from all disciplines, the opportunity to learn about issues of poverty, mental health, addictions and has lead to some students wanting to continue to work with the population served.

ADGS is also HNHB–LHIN funded and provides telephone consultation, assessment and referral services, case management and outpatient counseling for individuals who have concerns with alcohol, drugs, prescription drugs and/or problem gambling behaviour. Family and friends can access ADGS to receive information, participate in the Family Support Group (co-facilitated with the Hamilton Family Health Team), and the Problem Gambling Program which provides counseling to family and friends affected by someone else’s gambling. The Problem Gambling Program also provides prevention and promotion activities in the community.

ADGS CAPS Service Plan for 2013-2014 will address the relevant priorities within the LHIN Integrated Health Services Plan. The priorities include:

- **Patient flow:** Continue to monitor and manage wait times, and implement a new model of practice to improve access to individual appointments.

- **Chronic Disease Prevention and Management:** Continue to provide clinic space for the PHS Tobacco Control Program, Smoking Cessation Clinic, and find effective ways to share knowledge and resources between our programs and encourage increased participation of individuals who access ADGS.

- **Mental Health and Addictions:** Continue to provide the above required program components, as well as enhance the workforce by focusing staff development in the Core Competency (Canadian Centre on Substance Abuse – Competencies for Canada’s Substance Abuse Workforce) of mental health.

- **Enablers for Transformation:** Maintain current community partnerships and develop new partnerships with St. Joseph’s Hospital, Anxiety Treatment and Research Centre, and Sexual Assault Centre Hamilton and Area. Also, continue to provide prevention and promotion activities in the area of problem and responsible gambling.
The continued work of both programs is needed to help address the issue of mental health and addiction in the Hamilton community. The LHIN requires completion of the CAPS in which PHS is required to submit a balanced projected one-year budget (2013-2014). The 2013-2014 submissions will need to be approved by the Medical Officer of Health for PHS to receive funding for 2013-2014.

**POLICY IMPLICATIONS**

The LHIN Act (2006) mandates the HNHB-LHIN to enter into the M-SAA agreements with Health Service Providers (HSP). PHS is the transfer payment agency for the Ministry of Health and Long Term Care in providing case management and street outreach services to individuals living with a mental illness and/or homeless, and outpatient addiction services, and therefore is expected to enter into M-SAA agreements with the HNHB-LHIN.

**RELEVANT CONSULTATION**

Not applicable

**ANALYSIS / RATIONALE FOR RECOMMENDATION**

(include Performance Measurement/Benchmarking Data, if applicable)

A provision in the LHIN Act (2006) includes a recommendation of multi-year funding and planning targets for the provision of Community Mental Health and Addictions Services. To enter into the legal agreement (M-SAA), which approves the multi-year funding with the HNHB-LHIN, the HNHB-LHIN requires the submission of the CAPS. This submission provides the necessary data for the HNHB-LHIN to then enter into negotiations with PHS to finalize and approve services provided, service targets expected and funding allotment. In keeping with this process, PHS is required to submit a balanced budget (2013-2014) for the funding provided by the LHIN.

**ALTERNATIVES FOR CONSIDERATION**

(include Financial, Staffing, Legal and Policy Implications and pros and cons for each alternative)

The Board of Health could decide not to approve the CMHPP and ADGS 2013/2014 CAPS but this is not recommended for the following reasons:
Financial/Staffing

The HNHB-LHIN will not flow funding to CMHPP and ADGS at a loss of $1,702,264 and 14.8 FTE, 2 additional FTE hired by external agencies, and 0.5 FTE with Finance and Administration.

Community Impact

The HNHB-LHIN funding constitutes an investment in local support for citizens living with a serious and persistent mental health and addiction issues and if funding is not received, 3,870 individuals would not receive service and 11,021 contacts for direct service would be lost.

A number of highly-effective community collaborative partnerships have been established to assist individuals living with a mental illness, individuals experiencing homelessness and individuals at risk of HIV/AIDS. For example: CMHPP staff work with the Emergency Shelters to assist clients in accessing health, housing and social services. Partnerships have been developed with Hamilton Program for Schizophrenia, Canadian Mental Health Association, and Wellington Psychiatric Outreach Program to explore opportunities that would assist the older mental health clients they serve to remain in their homes. The CMHPP, as part of the Mental Health and Street Outreach Service, work with staff secondments from Emergency Shelters, Housing Help Centre and St. Joseph's Healthcare Hamilton, St. Matthew's House, Wesley Urban Ministries, First Pilgrim United Church, Salvation Army Family Centre. In the absence of the CMHPP funding, these initiatives and programs would lack the resources and capacity to operate.

(iii) agrees that all HST and other rebates, credits and refunds referred to in (ii) will be considered Funding in the year that the rebates are received, regardless of the year to which the rebated relates.

4.8 **Procurement of Goods and Services.** Subject to any direction or guideline issued by the Management Board of Cabinet pursuant to the *Broader Public Sector Accountability Act, 2010.*

(i) The HSP will have a written procurement policy in place that requires the acquisition of supplies, equipment or services valued at over $25,000 through a competitive process that ensures the best value for funds expended and the HSP will acquire supplies, equipment or services with the Funding through a process that is consistent with this policy; or

(ii) if the HSP receives $10,000,000 or more in funding from the MOHLTC and/or the Ministry of Education and Training, Colleges and Universities (including the Funding), the HSP will procure goods and services purchased with the Funding in accordance with the “Supply Chain Guideline” issued by the Ministry of Finance as the same may be amended from time to time.

4.9 **Disposition.** The HSP will not, without the LHIN's prior written consent, sell, lease or otherwise dispose of any assets purchased with Funding, the cost of which exceeded $25,000 at the time of purchase.

**ARTICLE 5.0 - REPAYMENT AND RECOVERY OF FUNDING**

(c) **On Reconciliation and Settlement.** If the year-end reconciliation and settlement process demonstrates that the HSP received Funding in excess of its confirmed funds, the LHIN will require the repayment of the excess Funding.
As a Result of Performance Management or System Planning. If Services are adjusted, as a result of the performance management or system planning processes, the LHIN may adjust the Funding to be paid under Schedule B, require the repayment of excess Funding and/or adjust the amount of any future funding installments accordingly.

In the Event of Forecasted Surpluses. If the HSP is forecasting a surplus the LHIN may adjust the amount of Funding to be paid under Schedule B, require the repayment of excess Funding and/or adjust the amount of any future funding installments accordingly.

On the Request of the LHIN. The HSP will, at the request of the LHIN, repay the whole or any part of the Funding, or an amount equal thereto if the HSP:

(i) has provided false information to the LHIN knowing it to be false;

(ii) breaches a term or condition of this Agreement and does not, within 30 Days after receiving Notice from the LHIN take reasonable steps to remedy the breach; or

(iii) breaches any Applicable Law that directly relates to the provision of, or ensuring the provision of, the Services.

Subsections 5.1(c) and (d) do not apply to Funding already expended properly in accordance with this Agreement. The LHIN will, at its sole discretion, and without liability or penalty, determine whether the Funding has been expended properly in accordance with this Agreement.

Provision for the Recovery of Funding. The HSP will make reasonable and prudent provision for the recovery by the LHIN of any Funding for which the conditions of Funding set out in subsection 4.5 are not met and will hold this Funding in accordance with the provisions of subsection 4.6 until such time as reconciliation and settlement has occurred with the LHIN. Interest earned on Funding will be reported and recovered in accordance with subsection 4.6.

Settlement and Recovery of Funding for Prior Years.

(a) The HSP acknowledges that settlement and recovery of Funding can occur up to seven years after the provision of Funding.

(b) Recognizing the transition of responsibilities from the MOHLTC to the LHIN, the HSP agrees that if the Parties are directed in writing to do so by the MOHLTC, the LHIN will settle and recover funding provided by the MOHLTC to the HSP prior to the transition of the services or program to the LHIN, provided that such settlement and recovery occurs within seven years of the provision of the funding by the MOHLTC. All such settlements and recoveries will be subject to the terms applicable to the original provision of funding.

Debt Due.
(a) If the LHIN requires the re-payment by the HSP of any Funding the amount required will be deemed to be a debt owing to the LHIN by the HSP. The LHIN may adjust future funding instalments to recover the amounts owed or may, at its discretion direct the HSP to pay the amount owing to the LHIN.

(b) All amounts repayable to the LHIN will be paid by cheque payable to the “Ontario Minister of Finance” and mailed to the LHIN at the address provided in section 13.1.

5.5 **Interest Rate.** The LHIN may charge the HSP interest on any amount owing by the HSP at the then current interest rate charged by the Province of Ontario on accounts receivable.

**ARTICLE 6.0 - PLANNING & INTEGRATION**

6.1 **Planning for Future Years.**

(a) **Advance Notice.** The LHIN will give at least sixty Days Notice to the HSP of the date by which a Community Accountability Planning Submission (“CAPS”), approved by the HSP’s governing body, must be submitted to the LHIN.

(b) **Multi-Year Planning.** The CAPS will be in a form acceptable to the LHIN and will incorporate (i) prudent multi-year financial forecasts; (ii) plans for the achievement of performance targets; and (iii) realistic risk management strategies. It will be aligned with the LHIN’s Integrated Health Service Plan and will reflect local LHIN priorities and initiatives. If the LHIN has provided multi-year planning targets for the HSP, the CAPS will reflect the planning targets.

(c) **Multi-year Planning Targets.** Schedule B may reflect an allocation for the first fiscal year of this Agreement as well as planning targets for up to two additional years, consistent with the Term of the Agreement. In such an event,

(i) the HSP acknowledges that if it is provided with planning targets, these targets are (A) targets only, (B) provided solely for the purposes of planning, (C) are subject to confirmation and (D) may be changed at the discretion of the LHIN. The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets; and

(ii) the LHIN agrees that it will communicate any material changes to the planning targets as soon as reasonably possible.

(d) **Service Accountability Agreements.** The HSP acknowledges that if the LHIN and the HSP enter into negotiations for a subsequent service accountability agreement, funding may be interrupted if the subsequent accountability agreement is not executed on or before the expiration date of this Agreement.

6.2 **Community Engagement & Integration Activities**

(a) **Community Engagement.** The HSP will engage the community of diverse persons and entities in the area where it provides health services when setting priorities
for the delivery of health services and when developing plans for submission to the LHIN including but not limited to CAPS and integration proposals.

(b) **Integration.** The HSP will, separately and in conjunction with the LHIN and other health service providers, identify opportunities to integrate the services available to the local health system to provide appropriate, co-coordinated, effective and efficient services.

(c) **Reporting.** The HSP will report on its community engagement and integration activities as requested by the LHIN, and in any event, in its year-end report to the LHIN.

6.3 **Planning and Integration Activity Pre-proposals**

(a) **General:** A pre-proposal process has been developed to (i) reduce the costs incurred by an HSP when proposing operational or service changes; (ii) facilitate the HSP to carry out its statutory obligations; and (iii) enable an effective and efficient response by the LHIN. Subject to specific direction from the LHIN, this pre-proposal process will be used in the following instances:

(i) the HSP is considering an integration or an integration of services, as defined in the Act between the HSP and another person or entity; or

(ii) the HSP is proposing to reduce, stop, start, expand or transfer the location of Services;

(iii) to identify opportunities to integrate the services of the local health system, other than those identified in (a) or (b) above; or

(iv) if requested by the LHIN.

(b) **LHIN Evaluation of the Pre-proposal:** Use of the pre-proposal is not formal notice of a proposed integration under s. 27 of the Act. LHIN consent to develop the project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent of a project concept presume the issuance of a favourable decision, should such a decision be required by sections 25 or 27 of the Act. Following the LHIN’s review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

6.4 **Proposing Integration Activities in the Planning Submission.** No integration activity described in subsection 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in 6.3(b).

6.5 **Definitions.** In this section 6.0 the terms “integrate”, “integration” and “services” have the same meanings attributed to them in subsection 2(1) and section 23 respectively of the Act. Specifically:

(i) “integrate” includes,

(a) to co-ordinate services and interactions between different persons and
entities,
(b) to partner with another person or entity in providing services or in operating,
(c) to transfer, merge or amalgamate services, operations, persons or entities,
(d) to start or cease providing services,
(e) to cease to operate or to dissolve or wind up the operations of a person or entity,

and “integration” has a similar meaning; and

(ii) “service” includes,
(a) a service or program that is provided directly to people,
(b) a service or program, other than a service or program described in clause (a), that supports a service or program described in that clause, or
(c) a function that supports the operations of a person or entity that provides a service or program described in clause (a) or (b).

(iii) determine the steps to be taken to remedy or mitigate the impact of the Performance Factor (the “Performance Improvement Process”).

7.4 **The Performance Improvement Process.**

(i) a requirement that the HSP develop and implement an improvement plan that is acceptable to the LHIN;
(ii) the conduct of a Review;
(iii) a revision and amendment of the HSP’s obligations; and or
(iv) an in-year, or year-end, adjustment to the Funding;

among other possible means of responding to the Performance Factor or improving performance.

ARTICLE 8.0 - REPORTING, ACCOUNTING AND REVIEW

(b) The cost of any Review will be borne by the HSP if it (i) was made necessary because the HSP did not comply with a requirement under the Act or this Agreement; or (ii) it determines that the HSP has not fulfilled its obligations under this Agreement.

(c) To assist in respect of the rights set out in (b) above, the HSP shall disclose any information requested by the LHIN or its authorized representatives, and shall do so in a form requested by the LHIN or its authorized representatives.

14.11 **Further Assurances.** The Parties agree to do or cause to be done all acts or things necessary to implement and carry into effect the Agreement to its full extent.

14.12 **Amendment of Agreement.** The Agreement may only be amended by a written agreement duly executed by the Parties.

14.13 **Counterparts.** The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

“Accountability Indicator” means a measure of HSP performance for which a Target is set;

“Explanatory Indicator” means a measure of HSP performance for which no Performance Target is set;

“Performance Corridor” means the acceptable range of results around a Target;

“Performance Standard” means the range of performance that results when a Performance Corridor is applied to a Target;

“Service Volume” means a measure of services for which a Target has been set.

“Target” means the level of performance expected of the HSP in respect of an Accountability Indicator.

1.2 Accountability Indicators

Without limiting the definition of “Accountability Indicator” set out in s. 1.1, Accountability Indicators:

• are associated with a Target and a Performance Corridor or at a minimum, have a benchmark (e.g. current level of service must be maintained/decreased, etc.);
• may be tied to dedicated funding from the MOHLTC;
• are valid, feasible measures of system performance; and
• allow for comparability across like organizations and/or regions.

Balanced Budget is an example of an Accountability Indicator.

1.3 Explanatory Indicators

Without limiting the definition of “Explanatory Indicator” set out in s. 1.1, Explanatory Indicators:

• are complementary indicators to the Accountability Indicators and will be documented in the technical specifications of the most appropriate Accountability Indicator(s);
• support planning, negotiation or problem-solving at the provincial, LHIN level or agency level;
• support transparency and enable planning discussions;
• support of improving and sustaining health system quality, effectiveness and efficiency;
• are indicators where data may already be provided through existing reporting systems; and
• will not trigger consequences under the SAA (unless otherwise specified in a Performance Improvement Plan or new funding obligations).

Turnover Rate is an example of an Explanatory Indicator.
