Recommendation: Be received.

The following item was lifted from the information section and added as Item 11:

11. Concerns respecting the Access to Best Care (ABC) Plan for the Obstetrics and Gynaecology Department, Hamilton Health Sciences (Item 9.1)

Whereas, in January 2008, Hamilton Health Sciences’ (HHS) announced the Access to the Best Care (ABC) Plan for the amalgamation and reorganization of virtually every one of its medical departments; and,

Whereas, McMaster University Medical Centre (MUMC) is the regional referral
centre for high-risk obstetric patients from Local Health Integration Networks (LHINs) 3 and 4; and,

Whereas, the Obstetrics and Gynaecology Department is not a stand-alone program like the Children’s Hospital, and is critically dependent on other major adult services such as Critical Care Medicine, Anaesthesia, etc.; and,

Whereas, the Obstetricians in Hamilton have unanimously opposed the ABC Plan as unsafe for patients coming under their care, and have communicated this concern to HHS, LHIN 3 members, and the Ministry of Health and Long-Term Care; and,

Whereas, the Physicians Advisory Committee on Obstetrics and Gynaecology (PACOG), working with HHS administration and using objective criteria, found the ABC Plan for the HHS Department of Obstetrics and Gynaecology to be both medically impractical and medically unsound as it pertains to patient safety; and,

Whereas, PACOG working with HHS administration recommended that HHS women’s reproductive health services relocate to a full-service adult hospital, either the Henderson Hospital or to St. Joseph’s Healthcare Hamilton (SJHH), and preferably amalgamate with the women’s reproductive services now located at SJHH; and,

Whereas, HHS has stated that such a move may not happen for ten years or longer, if at all; and,

Whereas, implementation of the ABC Plan would result in the only level three obstetric unit in the Province to function outside of a full-service adult hospital, with no clear plan for relocation to a full-service adult hospital, representing a failure to meet Provincial standards of care in this respect; and,

Whereas, the City of Hamilton has concern for the health and safety of our citizens, and in particular, the women and children who could be affected by changes to the Obstetrics and Gynaecology services in Hamilton;

THEREFORE BE IT RESOLVED

(a) That the City of Hamilton requests that Hamilton Health Sciences (HHS), St. Joseph’s Healthcare Hamilton (SJHH) and key stakeholders, including HHS and SJHH Obstetricians and Gynaecologists, Family Medicine, Midwifery, Pediatricians and Pediatric Subspecialties, Neonatology, and regional care providers; commit to convene and implement a process to identify the optimal model for Obstetrics, Gynaecology and Neonatology services within Hamilton that can be reasonably achieved with capital changes if necessary;

(b) That the Hamilton Niagara Haldimand Brant Local Health Integration Network participate in the process in keeping with their regional mandate;
(c) That, until such time as the optimal solution identified through the process, outlined in recommendation (a) above, can be implemented, the parties ensure that the necessary supports are in place and continue to be in place within Hamilton Health Sciences and St Joseph’s Healthcare Hamilton to ensure that patient health and safety within the Obstetrics, Gynaecology and Neonatology Services are protected and maintained; and,

(d) That the Medical Officer of Health report back to the Board of Health respecting the progress made in this area in June of 2011.

(e) PUBLIC HEARINGS/DELEGATIONS (Item 6)

(i) Delegation by Doctor Bryon DeFrance, McMaster University respecting Hamilton Health Sciences’ “Access to Best Care” Plan and the Department of Obstetrics and Gynaecology’s petition to the Council – September 29, 2010
Hamilton Niagara Haldimand Brant LHIN. (Item 6.1)

Doctor DeFrance was not in attendance. Councillor McHattie explained that there have been new developments recently with respect to the proposed “Access to Best Care” plan that may address the concerns of Doctor DeFrance and the Department of Obstetrics and Gynecology.

(ii) Delegation by Diane Chiarelli, Social Action Committee of the Ontario Association of Social Workers, Hamilton and District Branch respecting Item 8.4, Report BOH10024 - Nutritious Food Basket (Item 6.2)

Chair Eisenberger called the delegate Diane Chiarelli, Social Action Committee of the Ontario Association of Social Workers, Hamilton and District Branch to the podium. Her comments included but were not limited to the following:

- Hamilton residents continue to face challenges in meeting their nutritional needs;
- Social workers are concerned that those residents on social assistance do not have the necessary funds to purchase healthy foods;
- Food banks do not always provide quality food;
- The demand for food is higher than the supply in the food banks;
- These problems need to be addressed.

The Board thanked Diane Chiarelli for her presentation on this matter.

On a motion (Merulla/Collins) the delegation by Diane Chiarelli, Social Action Committee of the Ontario Association of Social Workers, Hamilton and District Branch respecting Report BOH10024 - Nutritious Food Basket, was received.

Chair Eisenberger called the delegate Barbara LaFleshe of CAWDB who was in attendance to speak on behalf of Sally Palmer to the podium. Her comments included but were not limited to the following:

- The staff report does not comment on the inability of some residents to purchase fresh fruits and vegetables due to the lack of finances;
- Some people are forced to eat food that is low in nutritional value to stop the hunger.

Council – September 29, 2010
Barbara LaFleshe responded to questions from the Board and indicated that in order to address this problem; the City should obtain input from the residents who are living in poverty. The Board thanked Barbara LaFleshe for her presentation on this matter.

On a motion (Morelli/Pasuta) the delegation by Barbara LaFleshe, CAWDB respecting Report BOH10024 - Nutritious Food Basket, was received.

(iv) Delegation by Valerie Sturrock, respecting Item 8.4 Report BOH10024 - Nutritious Food Basket (Added Item 6.4)

Chair Eisenberger called the delegate Valerie Sturrock to the podium. Her comments included but were not limited to the following:

• The last time she appeared before Committee of the Whole was on February 10, 2006;
• She addressed Committee with respect to the changes to the legislation at that time;
• Many people in poverty have mental disorders;
• It is essential that good food is made available to people who are poor;
• The Poverty Round Table should obtain input from people who are affected by poverty;
• In order to qualify for assistance, one must deplete all their finances.

The Board thanked Valerie Sturrock for her presentation on this matter.

On a motion (Pearson/Merulla) the delegation by Valerie Sturrock respecting Report BOH10024 - Nutritious Food Basket, was received.
