The purpose of this presentation is to share research for the reinstatement of provincial funding of discretionary benefits for Ontario Works (OW) recipients. The Ontario Liberal Government cut provincial funding for these benefits in 2012. As a result of this decision, the City of Hamilton and other municipalities in Ontario have had to explore alternative funding sources to continue to offer these benefits. To facilitate these goals, we gathered information on the impact of the loss of the discretionary benefits, created a video explaining the importance of said benefits and showed the direct impacts of what the loss of the programs would have for individuals and communities.
