The committee was informed by Maher Hamade, who is a member of the HIPC Employment sub-committee that one of the organization’s mandate is to develop a strategy for newcomers and immigrants in Hamilton. Committee members felt that it would be worthwhile to know about the tools, programs and the direction in which the HIPC is moving to help newcomers find jobs and or careers in Hamilton. The committee decided to develop some questions to be asked during the HIPC presentation on March 14, 2013.

The following questions were put forward:
- Why does HIPC exist? What is its purpose?
- Please explain how the HIPC programs are evaluated.
- What parameters are being used in the evaluation process?
- Who are your main funding sources for the organization?
- How many immigrants do you have on the Council and how many immigrants are on the subcommittees?

7.1.1 Education Sub-Committee.
S. Khurshid, D. Honig, M. Trinh and G. Maciak

The sub-committee reported that they are still collecting information about various programs offered by educational institutions and agencies serving newcomers.

Some questions raised by the members the committee were:
- What will be the use of this information by the sub-committee regarding various programs and services?
How are various programs linked with each other within one organization? For example, ELT and OSLT, as well as Future Ready programs at Mohawk College.

What are the similarities and differences among those programs being offered to the newcomers?

How do these programs help newcomers overcome the barriers they face:
- For example, the ESL program does not offer any transportation for students to get to the program.
- Some programs offer very basic levels of education and many newcomers are much more highly educated than what is being offered - so what is the benefit to them?

How will the new changes to the Canadian Immigration Act, regarding the requirement to have knowledge of English and/or French affect these programs?

The committee members were also informed about the availability of some free online courses being offered by some renowned institutions in the United States, such as MIT, Howard University and Berkley University. Apparently these programs offer certificates of completion. Committee member S. Khurshid shared this information with the committee. She informed the members that these courses are available, free of charge to newcomers who may not have the money to pay for school however need to enhance and prepare themselves for work in Canada.

The purpose of this guide is to help newcomers find work by increasing their access to information regarding existing opportunities and programs in Hamilton. - HIPC should be working with the Immigrant and Refugee Advisory Committee since they have similar goals.
- Members felt that HIPC should report to the Immigrant and Refugee Advisory Committee and hence a request will be made to the City Council.
- It is desirable to create a partnership with service providers and link them with the City of Hamilton services and programs.
- Develop and collect information regarding what other service providers are doing.
- Collect feedback from the other participants attending the open house.
- To translate the guide into other languages to improve access and understanding of newcomers.
