Request for All-Way Stop – Studholme Avenue and Beddoe Avenue, Hamilton (Ward 1)

Whereas, there is a large volume of vehicles traveling down Studholme Avenue and Beddoe Avenue on their way to the Chedoke Golf Course;

Whereas, the intersection at Studholme and Beddoe is unsafe given the angle of the roadways;

Whereas, several hundred homeowners live at the combined 100-120 Beddoe Avenue “Fairways at Chedoke” townhouse complex immediately south of this intersection.

Therefore Be It Resolved:

(a) That two stop signs be installed at this intersection to complement the existing stop sign controlling traffic eastbound at Studholme Avenue, making this intersection into a three-way stop;

(b) That City of Hamilton Traffic By-law 01-215 be amended accordingly.
