(b) That the By-Laws to carry out the incorporation of the said land into the foregoing streets be prepared to the satisfaction of the Corporate Counsel and be enacted by Council.

(c) That the General Manager, Public Works, be authorized and directed to register the By-Laws.

Scott Stewart, C.E.T.
General Manager
Public Works
EXECUTIVE SUMMARY:
These lands have been acquired at a nominal cost of $2.00 by the City of Hamilton for road purposes as part of the development process.

BACKGROUND:
The information/recommendations contained within this report primarily affect Wards 9 and 11.

In order to facilitate orderly development, the City has been acquiring lands through the subdivision dedication process or direct transfer. These lands are ultimately required to be a part of the public highway system.

To complete conditions of severance and to complete final street widths, it is necessary to incorporate City land into the road allowance as indicated below:

ANALYSIS/RATIONALE:
Current provincial legislation requires a municipal by-law passed by council to incorporate lands into the municipal public highway system. This report follows requirements of that legislation.

ALTERNATIVES FOR CONSIDERATION:
The alternative to not incorporating these lands into public highway would be to bar legal access to abutting lands. This would conflict with the development strategy and approved road patterns.
FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

FINANCIAL: These lands have been acquired at nominal costs during the development process. Life Cycle costs associated with extensions of the road network are estimated at $6,800 per lane kilometre per annum operating, and $11,200 per lane kilometre per annum capital.

STAFFING: There are no associated staffing implications, other than operations and maintenance impacts with road network extensions.

LEGAL: The City of Hamilton is complying with the relevant legislation by enacting these By-Laws.

POLICIES AFFECTING PROPOSAL:

This recommendation does not bind the corporation to any policy matter.

RELEVANT CONSULTATION:

In consultation with the Planning and Economic Development Department, Development Engineering Section it has been determined that the development funding has been satisfied. As such this process should proceed to facilitate an orderly development pattern.

CITY STRATEGIC COMMITMENT:

By evaluating the “Triple Bottom Line”, (community, environment, economic implications) we can make choices that create value across all three bottom lines, moving us closer to our vision for a sustainable community, and Provincial interests.

Community Well-Being is enhanced. ☑ Yes  ☐ No
Public services and programs are delivered in an equitable manner, coordinated, efficient, effective and easily accessible to all citizens.

Environmental Well-Being is enhanced. ☑ Yes  ☐ No
A sustainable transportation network provides many options for people and goods movement; vehicle-dependency is reduced.

Economic Well-Being is enhanced. ☑ Yes  ☐ No
Investment in Hamilton is enhanced and supported. A co-ordinated effective transportation network that allows access from all properties in accordance with development standards enhances the economic well being of Hamilton.

Does the option you are recommending create value across all three bottom lines? ☑ Yes  ☐ No

By following provincial guidelines and City driven development guidelines we enhance the delivery of this public service.

Do the options you are recommending make Hamilton a City of choice for high performance public servants? ☐ Yes  ☑ No
