July 16, 2009

The Honourable John Baird,
Minister of Transport, Infrastructure and Communities,
Government of Canada,
House of Commons,
Ottawa, Ontario
K1A 0A6

Dear Minister Baird,

Please accept this letter of support for the City of Hamilton’s application to the Building Canada Fund for the Woodward Wastewater Treatment plant project.

You have done more for the cleaning up of the Hamilton Harbour/Burlington Bay than any politician has ever done. Your support of the Randle Reef Project as well as the BCF funding of Halton’s Skyway wastewater plant has made the difference to the water quality in the west end of Lake Ontario. The last component to deliver truly clean fresh water to the lake is to bring the Woodward Wastewater treatment plant into the 21st century.

The City of Hamilton’s application is the final step in making sure we have clean fresh water for generations to come in the Bay area.

Sincerely,

Mike Wallace, MP
Burlington
c.c. Mayor Fred Eisenberger
Jim Hudson
