Immigrant Attraction Action Plan

Sarah Wayland, PhD
Presentation to General Issues Committee
City of Hamilton
June 5, 2013
Objective

To outline various elements of a local plan to attract and support economic class immigrants, immigrant entrepreneurs and international students to the City of Hamilton
Comments from business sector

• This initiative is important for the future of our city. It needs some champions.
• We need to raise Hamilton’s global profile, tell our story better. We shouldn’t sell ourselves short as a city.
• We need to attract more international events.
• We need a conduit for (international) students to stay in Hamilton. How can we create pathways?
Reports

Volume 1: Backgrounder (November 2012): why Hamilton should focus on immigrant attraction, initiatives and best practices from other cities.

Volume 2: Local Assets (January 2013): summarized local information gathering results, including an overview of immigration and diversity in Hamilton.

Volume 3: A Development Phase Work Plan (March 2013): 12-month developmental phase work plan with nine Priority Actions and cost estimates
Starting Points

1. Hamilton needs immigrants for economic growth, and we are in competition with other cities and countries for them.

2. Immigrants are an asset to Hamilton, not a liability.

3. Most immigrants settle where they have family and friends.

4. Action plan should be led by the City, but actions must be taken in partnership with other local players.
