2013 Hamilton Police Services Operating Budget

Whereas the Council of the City of Hamilton recognizes the community’s ‘ability to pay’ as a guiding budget principle through the 2010-2014 term of office;

And Whereas there is a growing concern within the current economic climate, for the fiscal challenges that face our city;

And Whereas Council has established, during this term of office, a budget target of as close to a zero percent increase as possible with boards, agencies, internal departments and all emergency service divisions;

And Whereas Council firmly believes that the Hamilton Police Service has consistently proven its ability to address the public safety needs of our residents and businesses;

And Whereas Council believes that the maintenance of the current level of police service has proven to be very successful and responsive to the needs of the Hamilton community;

And Whereas Council does not support the Police Service Board request of 3.71% as it includes 20 new officers (representing .38 percent of the 2013 budget request, with an additional .75 percent budget pressure in 2014) and the unsustainable use of Reserves (representing .18 percent of the 2013 budget request);

And Whereas a 3.52% increase will provide a sustainable and affordable budget that assumes no reduction in complement and service.

Therefore be it resolved:

Council – April 10, 2013
That the City of Hamilton supports a 2013 Hamilton Police Service budget of $140,414,620, representing a 3.52% increase over the 2012 approved budget.
