Crown Point Community Planning Team
Making Crown Point a Better Place to Live...

Hamilton City Centre
77 James Street, North
Hamilton, Ontario
L8R 2K3

Dear Members of Council,

We, the members of the Crown Point Planning Team, would like to ask you to support Homestead Christian Care’s plan of providing 46 affordable apartments in a facility at 1429 Main Street East. We highly encourage council to vote in favor of recommending the units for funding under the Canada – Ontario Affordable Housing Program.

We wish to support any group that is willing and able to bring about community change in a progressive and inclusive way. Our mandate is to identify our assets and build upon our strengths to make the Crown Point area a better place to live. In helping those who require assistance with rent, food, employment and developing a sense of belonging, we help every citizen in our community and our city. The success of this fantastic project requires us to work together in doing our part to make Hamilton the best place to live.

Sincerely,

The Crown Point Community Planning Team

Co-Chairs:
Dwayne Alexander Brown
Sandra Penner
