The Honorable Fred Eisenberger  
Hamilton City Centre  
77 James Street North, Suite 230  
Hamilton, Ontario L8R 2 K3  
Canada

Dear Mayor Eisenberger:

Keep America Beautiful is pleased to welcome Keep Hamilton Beautiful as a new pre-certified affiliate in the Keep America Beautiful national network of affiliated organizations.

We have received your completed Application for Certification. The next step is to arrange a one day Pre-certification Workshop to be attended by your selected representatives from local government, the civic sector and the business community as listed in your application. This group is referred to as your Pre-certification Team. We will provide information concerning the date and location of the workshop to your designated Team Leader as soon as arrangements have been made.

An effective Pre-certification Team is critical to the development of the strong foundation needed to assure your affiliate's success. In order for official certification to be granted, each team member must attend the Pre-certification workshop. Your team members will be directly involved in the process of establishing your affiliate's program and will leave the workshop with specific responsibilities to be accomplished in a timely manner.

We are delighted your community has made this commitment and look forward to working with your team to ensure its success.

Sincerely,

Matthew M. McKenna  
President & CEO  
Keep America Beautiful

cc: Sue Smith, National Director of Education
