SUBJECT: Application for a Change in Zoning for the Property Located at 215 Springbrook Avenue (Ancaster) (PED07063) (Ward 12)

RECOMMENDATION:

That approval be given to Zoning Application ZAC-06-81, by 800064 Ontario Inc. (c/o A. Di Silvestro), owner, for changes in zoning from the Agricultural “A” Zone to the Residential “R4-557” Zone (Block “1”), to permit the existing dwelling or 2 new single detached dwellings on separate lots, and from the Agricultural “A” Zone to the Residential “R4-548” Zone (Block “2”), to permit two single detached dwellings on separate lots, on the property located at 215 Springbrook Avenue (Ancaster), as shown on Appendix “A” to Report PED07063, on the following basis:

(a) That Block “1” be rezoned from the Agricultural “A” Zone to the Residential “R4-557” Zone;

(b) That Block “2” be rezoned from the Agricultural “A” Zone to the Residential “R4-548” Zone;

(c) That the draft By-law, attached as Appendix “B” to Report PED07063, which has been prepared in a form satisfactory to the City Solicitor, be forwarded to City Council for enactment; and,

(d) That the proposed changes in zoning are in conformity with the Hamilton-Wentworth Official Plan and the Ancaster Official Plan.

General Manager
Planning and Economic Development Department
EXECUTIVE SUMMARY:

The application is for a change in zoning in order to permit single detached dwellings on the property located at 215 Springbrook Avenue. Specifically, the zoning would permit 2 single detached dwellings on separate lots on a future road to the south, and either the existing single detached dwelling or 2 new single detached dwellings to be constructed in its place on Springbrook Avenue (see Appendix “C”).

The application has merit and can be supported as it is consistent with the Provincial Policy Statement and conforms with and implements the Hamilton-Wentworth and Ancaster Official Plans, and the Meadowlands Neighbourhood IV Secondary Plan.

BACKGROUND:

Proposal

The application is for changes in zoning from the Agricultural “A” Zone to the Residential “R4-557” Zone (Block “1”) and the Residential “R4-548” Zone (Block “2”), to permit a maximum of 4 single detached dwellings on separate lots (2 in each zone) on the property located at 215 Springbrook Avenue (see Appendix “C”). The zoning for Block “1” would also permit the existing dwelling to remain. The proposed zoning provides modifications to permit a maximum lot coverage of 45%, applicable to both blocks. Block “1” would require a minimum lot frontage of 15m on Springbrook Avenue and a minimum front yard of 6.0m. Block “2” would permit a minimum lot area of 370 square metres (except 500 square metres for a corner lot), a minimum front yard of 3.0m to the dwelling (6.0m to a garage), and a minimum exterior side yard setback of 3.0m for a corner lot. The proposal is for the same modified zoning as approved by Council for the lands to the west and south (“Springbrook Meadows” draft plan of subdivision - Appendix “D”).

Location: 215 Springbrook Avenue (Ancaster)

Owner/Applicant: 800064 Ontario Inc. (c/o A. Di Silvestro)

Property Description:

**ANALYSIS/RATIONALE:**

1. The proposal has merit and can be supported for the following reasons:

   (i) It is consistent with the Provincial Policy Statement.

   (ii) It conforms with and implements the “Urban Area” designation of the Hamilton-Wentworth Official Plan and the “Residential” designation of the Ancaster Official Plan.

   (iii) It conforms with and implements the “Low Density Residential” designation of the Meadowlands Neighbourhood IV Secondary Plan.

   (iv) It is consistent with the Residential “R4-548” and “R4-549” zoning of abutting lands to the west and south that was approved by Council but are under appeal to the Ontario Municipal Board.

2. The proposed changes in zoning would implement the same zoning that was approved on lands to the west and to the south through Zoning Application ZAC-05-55 and implementing By-law No. 06-168. This zoning relates to proposed draft plan of subdivision “Springbrook Meadows” (see Appendix “D”). The Zoning and Subdivision were approved by Council in 2006, but have since been appealed to the Ontario Municipal Board where a hearing is scheduled in February 2007.
3. The applicant has submitted a sketch of the subject lands delineating the proposed “R4-548” and “R4-557” zoning (see Appendix “C”). The proposed “R4-548” zoning would apply to Block “2”, which would have frontage on a future road to be constructed through the “Springbrook Meadows” subdivision (see Appendix “D”). Two future lots could be constructed fronting this future road. Block “1” would be rezoned “R4-557” Zone and would contain an existing single detached dwelling. However, the proposed zoning would allow for Block “1” fronting Springbrook Avenue to be severed into 2 lots should the existing dwelling be removed.

The following modifications would apply to the “R4-557” Zone from the “R4” standards (applicable to Block “1”):

- Minimum lot frontage of 15m, whereas 12m is required;
- Maximum lot coverage of 45%, whereas 35% is permitted; and,
- Minimum front yard of 6.0m, whereas 7.5m is required.

The following modifications would apply to the Residential “R4-548” Zone from the “R4” standards (applicable to Block “2”):

- Minimum lot area of 370 square metres, whereas 400 square metres is required, and 500 square metres for a corner lot (no future corner lot would be located at 215 Springbrook Avenue);
- Maximum lot coverage of 45%, whereas 35% is permitted;
- Minimum front yard of 3.0m to the dwelling and 6.0m to a garage, whereas 7.5m is required; and,
- Minimum exterior side yard of 3.0m for a corner lot, whereas 5.2m is required (no corner lot is located at 215 Springbrook Avenue).

The proposed zoning modifications can be supported as they implement the same zoning approved but under appeal for lands to the west and south of 215 Springbrook Avenue. The zoning modifications implement design elements within the Meadowlands Neighbourhood IV Secondary Plan while also maintaining the existing larger lot residential character of Springbrook Avenue.

4. All issues pertaining to payment for urbanization of Springbrook Avenue, provisions for servicing, and contribution to Storm Water Management facilities will be addressed when the subject lands are further subdivided either through consent or amendments to the “Springbrook Meadows” subdivision. The urbanization of Springbrook Avenue, in front of 215 Springbrook Avenue, including the installation of full municipal sewers, is required as part of the “Springbrook Meadows” subdivision. Construction of the future road to the south of the subject property is also a requirement of the “Springbrook Meadows” subdivision.
ALTERNATIVES FOR CONSIDERATION:

Should the application be denied, the lands can only be utilized for uses permitted within the Agricultural “A” Zone, which would include one single detached dwelling. The lands could not be redeveloped for their intended use of single detached dwellings in accordance with the Meadowlands Neighbourhood IV Secondary Plan.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Financial - N/A.

Staffing - N/A.

Legal - As required by the Planning Act, Council shall hold at least one (1) Public Meeting to consider an application for a Zoning By-law Amendment.

POLICIES AFFECTING PROPOSAL:

Provincial Policy Statement

The application is consistent with respect to the Provincial Policy Statement in that the application focuses growth in settlement areas.

However, Policy 2.6.2 of the Provincial Policy Statement (PPS) outlines that development and site alteration may be permitted on lands containing archaeological resources, or areas of archaeological potential, if significant archaeological resources have been conserved by removal and documentation, or preservation on site. Where significant archaeological resources must be preserved on site, only development and site alteration that maintains the heritage integrity of the site will be permitted. Therefore, clearance of an archaeological assessment from the Director of Development and Real Estate, and the Ministry of Culture is required.

Implementation of the requirement for an archaeological assessment will be undertaken when an application is made to sever the lands for their intended future use of multiple single detached dwellings. It should be noted that the applicant for the proposed change in zoning is the same as for the development of the proposed draft plan of subdivision to the west and south. An archaeological assessment is required as a condition of approval for the proposed subdivision, and the applicant has confirmed that it will also encompass the subject lands.

Hamilton-Wentworth Official Plan

The subject property is designated “Urban Area” in the Hamilton-Wentworth Official Plan. The proposal conforms with the Plan. Policies requiring full municipal services to be provided in the urban area will be addressed by requiring these full services prior to any further subdivision on the subject lands.
Ancaster Official Plan

The subject property is designated “Residential” in the Ancaster Official Plan and “Low Density Residential” in the Meadowlands Neighbourhood IV Secondary Plan. The proposed changes in zoning to permit single detached dwellings conform with and implement the Ancaster Official Plan.

RELEVANT CONSULTATION:

The following Departments and Agencies had no comments or objections:

- Corporate Services Department (Budgets Section); and,
- Public Works Department (Traffic Engineering and Operations Section).

Public Consultation

In accordance with the Public Participation Policy that was approved by Council on May 29, 2003, the application was circulated to 5 property owners within 120 metres of the subject property. In addition, a Public Notice sign was erected on the property in November, 2006. To date, no comments have been received.

Notice of the Public Meeting for this rezoning application will be circulated to property owners within 120 metres of the subject lands and through a sign posted on the property in accordance with the requirements of the Planning Act.

CITY STRATEGIC COMMITMENT:

By evaluating the “Triple Bottom Line”, (community, environment, economic implications) we can make choices that create value across all three bottom lines, moving us closer to our vision for a sustainable community, and Provincial interests.
