(b) That a sub-committee be established to work with interested stakeholders to assist with the implementation of an approach to enforcement and legalization of appropriate rental housing including, but not limited to, process, fees, and by-law regulations;

(c) That, when carrying out enforcement under the permanent proactive rental housing enforcement program, staff be directed to continue to take into consideration; throughout such enforcement, an owner’s good faith efforts to actively seek compliance with Zoning By-law requirements through meetings, correspondence and/or applications with the Planning and Economic Development Department except for situations where immediate health or safety concerns may be a factor.”

ANALYSIS / RATIONALE FOR RECOMMENDATION

To assist with its comprehensive investigation into the need to license rental housing, City Council, on March 31, 2010, approved an 18 month Proactive By-law Enforcement Program focused on rental housing conditions in Wards 1 to 8. The Pilot demonstrated substantial contribution to the City’s goals towards a safe and healthy Community by
uncovering and addressing significant deficiencies in rental housing living conditions and exterior property maintenance.

After much deliberation, City Council decided to create a permanent proactive enforcement team, and to not pursue licensing rental units any further at this time.

While proactive enforcement was deemed necessary, there were concerns about the possible impacts on affordable housing with respect to enforcement of illegal rental units where construction may have occurred without the proper building permits and approvals from the City. Committee and Council felt strongly that landlords in these situations should be allowed time to work through the process of recognizing illegal units through the City’s current Zoning By-law, or through new regulations to be identified as the City develops its new comprehensive Urban Zoning By-law which may allow for higher densities and lessen requirements/regulations in certain parts of the City and/or neighbourhoods.

As a result, a Sub-Committee was established to work with interested stakeholders to assist with the implementing an approach to enforcement and legalization of appropriate rental units, and staff were directed to continue using good faith efforts in the enforcement of City’s current Zoning By-Law requirements except for situations where there are immediate health or safety concerns.

Attached hereto as Appendix “A” to this Report is a draft Terms of Reference for the Rental Housing Sub-Committee.
