**EXECUTIVE SUMMARY**

The owner of 11 Liberty has submitted an application to permanently close and purchase the public unassumed alleyway abutting his property. Notice of the application was circulated to internal City Divisions, public utilities and owners of properties within a 400’ (121.9m) radius of the Subject Lands, as shown on Appendix B, attached to Report PW12091. No negative comments regarding the application were received from internal City Divisions or public utilities. Two negative responses were received from owners of properties within the circulation radius and these responses have been reviewed and considered by staff. One abutting owner has requested that the City retain ownership of a portion of the Subject Lands to facilitate access to a property. Upon review, staff has determined that retaining ownership would land lock that portion of the subject lands. Furthermore, there are no impediments to access created by the sale of the Subject Lands as set out in the application. Operations & Waste Management staff is satisfied that there are no irresolvable issues and, as such, do not oppose the application.

*Alternatives for Consideration - See Page 5*
FINANCIAL / STAFFING / LEGAL IMPLICATIONS

Financial: The Subject Lands will be transferred to the owner of 11 Liberty Street for $1.00, in accordance with the City’s policy regarding the sale of public unassumed alleyways abutting residential properties.

Staffing: There are no staffing implications.

Legal: The City Solicitor will prepare the by-law to permanently close the Subject Lands and will register this by-law in the Registry Office once it has been passed by Council. The City Solicitor will complete the transfer of the Subject Lands to the abutting owners, pursuant to an agreement of purchase and sale or Offer to Purchase, as negotiated by the Economic Development and Real Estate Division.

HISTORICAL BACKGROUND

The owner of 11 Liberty Street has applied to close and purchase the public unassumed alleyway abutting 11 Liberty Street. The current City policy is to not perform maintenance in public unassumed alleyways. Therefore, the permanent closure and transfer of the lands to private ownership will relieve the City of any future maintenance responsibilities. Operations & Waste Management staff do not oppose the closure and sale of the Subject Lands to the applicant.

POLICY IMPLICATIONS

A by-law must be passed to permanently close the Subject Lands in accordance with the Municipal Act, 2001.

The recently supported Alleyway Management Program endeavours to address citizen inputs, interests and concerns however benefit to the local community needs to be considered as well. Staff does not consider the closure of the Subject Lands to disadvantage the surrounding area.

The closure of the Subject Lands supports the Strategic Plan objectives of enhancing overall sustainability and implementing a process to improve effectiveness and efficiency.

RELEVANT CONSULTATION

Notice of the proposed closure and sale was sent to the owners of the 125 properties within a 400’ (121.9m) radius of the Subject Lands as shown on Appendix B, attached to Report PW12091. The City received a total of sixteen responses. Twelve responses supported the application, two responses opposed the application and two responses indicated no comment.
The owner of one property located on Hunter Street East, which abuts the Subject Lands has indicated that they are in favour of the application. However, the owner did request that the City retain ownership of a triangular piece of property to facilitate access to the rear of the property. Staff has reviewed the information and determined that if the City retains ownership of a triangular piece of the Subject Lands as requested, that a City owned portion of the alleyway would be landlocked because title to the abutting alleyway is privately held. Furthermore, staff has determined that the proposed closure will not eliminate sole access to any property.

The two responses opposing the application consisted of the following:

The owner of one property located on Grove Street, which does not abut the Subject Lands, objected on the basis that they felt the closure would create additional traffic on Grove Street. However, vehicular access over unassumed alleyways is not guaranteed and this alleyway should not be used as a means of bypassing the existing open highways.

The owner of one property located on Hunter Street East, which does not abut the Subject Lands, objected on the basis that they felt the closure would render the east-west private alleyway inaccessible. The application does not purport to close off access to the east-west private alleyway.

The following City Departments and Divisions were consulted on this application:

- Planning and Economic Development Department: Development Engineering, Building Services, Economic Development and Real Estate and Planning
- Hamilton Emergency Services
- Corporate Services Department: Budgets and Finance
- Ward Councillor

Building Services Division staff advises that the current lot size is considered a lot of record, as it does not conform to the minimum required lot width or area for a single family dwelling. The property at 11 Liberty Street will lose non-conforming status if the Subject Lands are added to that property. As such, the Building Services Division advises that the applicant will require a successful application for minor variance from the Committee of Adjustment.

Environment & Sustainable Infrastructure Division staff advises that the applicant should be made aware that there is a need for a continued, unobstructed overland drainage route.

Bell Canada has indicated that the applicant will be required to complete an easement agreement.
The remaining City Departments and public utilities did not have any negative comments

**ANALYSIS / RATIONALE FOR RECOMMENDATION**

As there were no unresolvable or compelling objections received from internal City Divisions, public utilities or neighbouring property owners, the application to close and transfer the Subject Lands to the owner of 11 Liberty Street is not opposed by staff.

**ALTERNATIVES FOR CONSIDERATION**

Alternatively, the application can be denied and the entire alleyway will remain in its public unassumed status. However, the City does not currently maintain this unassumed alleyway and transferring the Subject Lands to private ownership would relieve the City of any potential future maintenance costs.
