7. **Group Discussion – HABIA Structure and the relationship and/or synergies between Chambers of Commerce and HABIA and/or BIAs**

The item was moved forward on the agenda to accommodate Mary Gallagher’s availability.

M. Gallagher presented the draft terms of reference for the Business Improvement Area Advisory Committee. It was noted that a terms of reference for HABIA, as it currently exists, has not been recorded in the City Clerk’s department. S. Braithwaite questioned what the difference is between a board and an advisory committee. M. Gallagher had previously provided a document that outlined the differences and advised that she would resend the document to all. A few differences were identified; City staff support would not be provided to a board but an advisory committee would receive staff support and the approved minutes and recommendations of an advisory committee are reported to the Standing Committee for ratification whereas, a board does not report minutes or recommendations to Standing Committees of council. K. Drewitt MOVED to receive the report, noted that each BIA would review the report, and bring their position on the structure of HABIA to the October meeting, all in favour, CARRIED.

Discussion respecting the relationship and/or synergies between Chambers of Commerce and HABIA and/or BIAs pursued. It was determined that the BIAs would individually work with the Chambers of Commerce to develop relationships. Many BIAs currently have strong ties with their Chamber of Commerce. P. Hayes advised that she has been meeting with David Adames and has questioned if a relationship currently exists between the Chamber of Commerce at the provincial level and the Ontario Business Improvement Area Association.

3. **Information Update Report**

**Special Events**

The group discussed issues that have occurred during special events throughout the year. The members of HABIA have requested that Staff who oversee the SEAT process be asked to attend a future meeting of HABIA.

**Kiosks**

J. Xamin had advised that the 18-month pilot project will be completed to ensure that all aspects of the program have been identified and addressed, specifically the enforcement piece. The pilot project in the Downtown Hamilton, International Village and Westdale Village BIA will end in December 2012 and in the Dundas BIA it will end in June 2013. An update will be presented to the members of the Planning Committee in October and a final report to provide an overview of the program will be presented upon completion of the original pilot project.

**New BIA By-law**

As requested at the July meeting of HABIA, E. Maloney provided information
electronically respecting the Article 4, Section 1(a) which pertains to the number of Directors that each BIA Board of Management shall consist of. E. Maloney distributed draft copies of the proposed BIA By-law and asked that any further questions be brought to her attention by September 14, 2012.

**Award of Excellence**

A meeting was held on August 20, 2012 with members of the sub-committee and Kristin Huigenbos and Rob Belchoir from the Small Business Enterprise Centre. It was determined that the event in March is the best fit for the BIA Awards. It was noted that the video for the presentation at the event should be enhanced to better showcase the award recipients and the BIAs. It was also noted that each BIA should encourage their recipients to attend the event.

The minutes from the meeting were distributed. The BIAs were reminded to submit their nominations for 2012.

**Open for Business Review Sub-Committee**

Following the August 16, 2012 Open for Business Sub-Committee meeting, Debbie Spence sent the report that speaks to the delegations and comments that were received during the public consultation process for Open for Business.
