We would like to be notified of council's decision in regards to the Mount Hope Airport Gateway Improvement Project.

Also 2 questions:
1- Why have the properties 3219, 3210 and south been included as they are not per say on that corridor?
2- Why have the properties on the south side of Airport Rd., West of Marian St. been excluded?

Does this letter fulfill the requirements for the appeal process?

Thank you.
John Holtrop
