4. Presentations

4.1 Strategies to Achieve Results Through Urban Partnerships (Start-Up)

Presentation rescheduled for the February 16, 2012 meeting.

5. Subcommittee Reports

5.1 Business & Retail Waste Diversion

D. Rodrigues reported that planning is underway for an April or May Clean & Green Business Workshop. Venue availability and costs are being explored. The proposed focus of the Workshop is engaging businesses in solutions to illegal dumping and graffiti through a clean & green certification initiative. This initiative would recognize businesses that have shown leadership in the community in waste diversion and beautification.

5.2 Council Committee Reports

J. Hawker reported that the Waste Collection Procurement Process for 2013-2020 (PW11030d) and the Solid Waste Management Master Plan Review – Draft Final Report (PW12004) were discussed at the January 16, 2012 Public Works Committee meeting. He indicated that some Councillors had voiced concerns over illegal dumping and garbage bag limits. The staff report recommendations included garbage collection of up to six bags every two weeks, weekly Blue Box collection, weekly Green Cart collection and year-round leaf and yard waste collection and call-in bulk collection.

Councillor Jackson indicated that the Public Works
Committee referred the report to its February 6, 2012 meeting to allow staff to report back on questions and clarifications and to get as much public feedback as possible. Councillor Jackson also asked that CCLC be consulted.

Discussion ensued on the proposed bag limits, relationship between illegal dumping and current bag limits, illegal dumping complaint data and cleanup costs and issues that may arise from the proposed bi-weekly garbage collection.

CCLC members supported the development of a position statement and/or delegation at the February 6, 2012 Public Works Committee meeting led by Chair Dan Rodrigues. D. Rodrigues suggested that, in the interests of time, that the discussion on the development of a position statement be undertaken via e-mail and relevant documentation be shared with members via e-mail.

P. Homerski recommended that the position paper address aspects that are within the mandate of the CCLC (illegal dumping and litter). The Chair suggested a special CCLC meeting take place on February 2, 2012 to finalize and endorse the position statement. Councillors Collins and Jackson will recuse themselves on the development of the position statement.

6. Keep Hamilton Beautiful (KAB)
6.1 UPS Community Improvement Grants

P. Homerski reported that Keep Hamilton Beautiful had received notification that applications for UPS/KAB Community Improvement Grants were now being accepted. There are 51 grants of $1,000 each, 10 grants of $5,000 each and five grants of $10,000 each. Projects should fall within the KAB focus areas of litter prevention, waste reduction/recycling, and beautification/community greening. P. Homerski indicated that he had shared this information with C. Wagner, Community Garden Program Coordinator and P. Wobschall of Green Venture inviting them to consider submitting eligible projects through CCLC/Keep Hamilton Beautiful. D. Rodrigues suggested that a submission to offset costs for the Clean & Green
Business Workshop be considered.

**Operations & Waste Management**

P. Homerski reported that the Clean City Strategy review has begun with an Internet scan of municipalities with similar strategies. Staff will then draft a high level document to be presented to a task force for consultation.

Individual work plans and a tracking process are being developed for Clean City Strategy 2012 Work Plan projects and initiatives to be undertaken in the first quarter of 2012. This is in preparation for the semi-annual report to Public Works Committee which is currently scheduled for its June 18, 2012 meeting.

A meeting with CN Police and MLE is also planned to implement electronic surveillance and a neighbourhood watch program. Initial investigation has also begun on the feasibility of closing abutting parallel alleyways on the south side of the tracks. Staff is also preparing to initiate a second Clean & Safe Railway Neighbourhood program in the Landsdale neighbourhood.

Planning is underway for the Tim Hortons Team Up to Clean Up spring 2012 event in April. Sponsorship plans, logistics and City resources and supports are being finalized. M. Sparrow suggested that A. Moroz be invited to the next CCLC meeting to summarize the sponsorship program for 2012.
