Regarding: Municipal Council Support Resolution for Individual Ground Mount Solar PV Systems

Dear Mayor Bratina and Councillors;

Attached is a list of addresses along with details and site maps for seven individual properties in the City of Hamilton on which we will be applying to the OPA for contracts to install ground mount solar systems.

As you are aware, the OPA awards points for applications which include Municipal Council support.

We are seeking the endorsement of Hamilton Municipal Council for these seven projects.

Thank you very much for your time and consideration.

Regards
