To Whom It May Concern:

I am writing on behalf of the residents of Olde Stoney Creek to request that a sidewalk be put on Second Street North between King Street and Randall Avenue.

Sidewalks are an important part of the safety of any roadway and as taxpayers of the City of Hamilton, we feel they are a necessity. Presently, there is no sidewalk on Second Street North that leads to Hopkins Park, leaving the community no choice but to walk on the side of the road. The demographics in the area reveal that there are many new young families, myself included, who have toddlers who access the park on a daily basis. Having young children walk on the side of the road is very dangerous and eventually if something is not done, a serious accident will occur. We request that this work be budgeted for immediately.

Enclosed is a map of where our proposed sidewalk should go and a petition from the residents who live around this area who support this proposal. Please take serious look at this issue as it affects many people in this area.

Sincerely,

Wade Perniac

The original petition received is in the custody of the City Clerk. All personal information has been severed pursuant to Section 32 of the Municipal Freedom of Information and Protection of Privacy Act.

The petition was signed by 166 residents.
