Mr. L. Dilanni & Members of Council  
City of Hamilton  
71 Main Street West  
Hamilton, Ontario

Dear Mr. Mayor and Members of Council:

Some months have now gone by after the conversion of James and John Streets to two way and for the most part my research has revealed that both residents and businesses in the area are happy with the results.

There are, however several spots that we would recommend a bit of adjustment to facilitate easier traffic flow. These include:

1) An allowance of right turns from John Street S. at King St. E. (south Leg) as one travels south.
2) An allowance of left turns from Rebecca St. at John St. N. as one travels west.
3) Another light signal mounted on the south facing bridge structure on James St. S. at the Rail underpass as one travels north on James St. S. Signal is very difficult to see as one travels north due to the grade.

We would appreciate your attention to these matters when appropriate.

Sincerely
Kathy Drewitt

Kathy G. Drewitt
